

RAILWAY HEADS INSIST ON ARBITRATION; WILSON FIRM ON EIGHT HOUR PRINCIPLE

RUSSIANS BREAK THROUGH GERMAN LINES ON EASTERN FRONT

NO HEADWAY MADE IN R. R. CONTROVERSY

Washington, D. C., August 19.—After an hour's conference with President Wilson today the 33 railroad presidents left the White House without giving any indication that they had abandoned their stand for arbitration, but with assurances that the negotiations were not ended. The railroad executives gave no final answer to the president's proposals, but will deliberate on them today and see President Wilson again, probably Monday.

In his address to the officials President Wilson said:

"If a strike comes the public will know where the responsibility rests. It will not be upon me."

While President Wilson was conferring with the executives he made public a statement outlining his plan and declaring it seemed to him a "thoroughly practical and entirely fair program, and I think the public has a right to expect its acceptance."

One ray of hope that might induce the railroad managers to make concessions stood out in a suggestion that the Interstate Commerce Commission might determine whether it would be right to increase freight rates to meet the added compensation to employees.

The president's statement follows: "I have recommended the concession of the eight hour day, that is, the substitution of an eight hour day for the present ten hour day in all the existing practices and agreements. I made this recommendation because I believe the concession right. The eight hour day now undoubtedly has the sanction of the judgment of society in its favor and should be adopted as a basis for wages wherever the actual work to be done cannot be completed within eight hours."

"Concerning the adjustments which should be made in justice to the railroads and their stockholders, in the payments and privileges to which their men are now entitled (if such adjustments are necessary) there is a wide divergence of opinion. The railroads which have already adopted the eight hour day do not seem to be at any serious disadvantage in respect to their cost of operation as compared with the railroads that have retained the ten hour day and calculations as to the cost of the change, must, if made now, be made without regard to any possible administrative economies or readjustments."

Experience is Necessary

"Only experience can make it certain what arrangements would be fair and equitable, either on behalf of the men or on behalf of the railroads. That experience would be a definite guide to the Interstate Commerce Commission, for example, in determining whether, as a consequence of the change, it would be necessary and right to authorize an increase of rates for the handling and carriage of freight (for passenger service is not affected.)"

"I therefore proposed that the demand for extra pay for over-

WEATHER FORECAST

Washington, D. C., August 19.—Weather predictions for week beginning Sunday, August 20, issued by the weather bureau today include the following for Ohio:

Warm and generally fair weather the first three days of the week will be followed by lower temperatures by the middle of the week and moderate temperatures thereafter, with generally fair weather.

HERRICK MEN SPEND \$30,000

Columbus, O., August 19.—"The Herrick Voters' Leagues" of the different counties spent approximately \$30,000 in the interest of Myron T. Herrick's candidacy for the Republican senatorial nomination according to figures received at the secretary of states office today.

Mr. Herrick filed his expense account yesterday showing that he spent personally \$20,408.36 in his successful fight for the nomination. Yesterday was the last day for filing expense accounts.

ITALIAN LINER SUNK, CARRIED CREW OF 170

London, August 19.—The Italian steamship Stampalia, which plies between New York and Italian ports, has been sunk, says a dispatch to Lloyd's.

SHIPPING BILL PASSES IN SENATE

Washington, D. C., August 19.—The administration shipping bill today had entered upon the final stages of enactment. It passed the senate last night by a strict party vote of 38 to 21, and now goes to the house where it already had passed.

The way is now cleared in the senate for consideration of the revenue bill and possible adjournment of congress by September 1, as a result of the passage of the shipping measure. Revenue legislation will be taken up Monday and may be passed before the end of the week.

HELD ON SUSPICION

Cleveland, O., Aug. 19.—Three men were taken from a freight steamer here early this morning and are being held at the request of the Detroit police in connection with the theft of \$22,000 from the Burroughs Adding Machine Company's pay car in that city three weeks ago.

with its consequent disaster to the nation.

Wilson And Men Solemn

As President Wilson spoke to the officials he paced up and down before them in the blue room. Several times he emphasized points with a clenched fist. He spoke solemnly and often paused and faced them as he asked that they accept his plan. The railroad officials were equally solemn and Mr. Holden told the president they realized the seriousness of the situation.

"We must face the naked truth in this crisis," said the president. "We must not discuss impractical things. We must get down to a basis on which this situation can be solved."

The Stampalia was a passenger liner of 9,000 tons gross. In common with other Italian liners she mounted guns for protection from submarines. The last report of her movements was her arrival on July 30 at Genoa, from New York, so that she apparently was sunk on the voyage to the United States.

She was commanded by Captain Lavarello.

The Stampalia first appeared in New York as an armed steamer in February last, arriving from Genoa with two three-inch rapid fire guns mounted on her after deck house. Washington was notified and on being informed that the guns were to be used for defensive purposes only, instructed the collector of the port of New York to grant clearance papers.

On arriving at New York on March 24 the Stampalia reported a wireless warning had been received soon after leaving Genoa that a submarine was lying in wait for her off Sardinia. Instead of going north of Sardinia, and along the north shore of the Mediterranean which before that time had proved the safest route, she went south of Sardinia and through the Straits of Bonifacio, between Sardinia and Corsica.

The New York agents of the Stampalia said that two weeks ago they had received a cable message advising them that all sailings of the steamship had been cancelled. They express the opinion on this account that the Stampalia had been requisitioned and was in the service of the Italian government. In this case she would have no passengers on board.

Lisbon, August 18.—(Via London, August 19.)—A decree has been issued convoking an extraordinary session of parliament on August 22.

LIGHTNING CONTRIBUTED TO LURID BATTLE PICTURE

With The British Armies on The Verdun Front, Aug. 19.—10 a. m., Via London.—The thunder of the heaviest rainstorm of the season joined those of the artillery and flashes of lightning from the heavens vied with the flashes from the mouths of many guns in a most lurid battle picture in the darkness of the early hours this morning as a finale to yesterday's Anglo-French attack from Pozieres to the Somme. The chilly, heavy downpour continues, making artillery observations difficult. The British main advance was toward the Guillemont where they gained an important position on either side of the town, besides ground on the right of High Wood.

\$900 PAYROLL STOLEN BY MASKED MEN

Pittsburgh, Pa., August 19.—Two masked men today entered the office of the Pittsburgh Stopper Co. and holding a revolver at the head of A. Steinberg, the paymaster, took the pay roll of \$900 from his desk, and escaped.

Hughes Shot His Bolt, Failed To Hit Bull's Eye, Clark Tells Maine Voters

Brunswick, Maine, August 19.—Champ Clark, speaker of the house of representatives, opened the campaign in Maine for the Democrats today in a characteristic speech in which he told of the accomplishments of the administration and congress under the leadership of President Wilson.

He also took note of the campaign tour of Charles E. Hughes, is making in behalf of his candidacy for the presidency.

Mr. Clark said in part: "Judge Hughes has made enough speeches in this campaign to enable intelligent persons to form something approximating a correct judgment as to his opinions on current issues. He has shot his bolt, but failed to hit the bull's eye."

DRIVE ON KOVEL IS SUCCESSFULLY RESUMED

London, August 19.—The Russian drive on Kovel has been successfully resumed, Petrograd announces today. After having been held up for some time along the Stokhod Gen. Brussloff's forces have broken through the Austro-German lines about 40 miles northeast of Kovel at Cserwisze making a notable advance according to the official statement.

Although there has been heavy fighting in the Volhynian region during the last fortnight, the main Russian effort in this region has been exerted in Galicia in a drive for Lemberg, to the east and southeast. This offensive movement has shown signs of a temporary slackening during the last few days and it now appears that the Russian thrust at Kovel, a vital point in the Teutonic defensive line because of its importance as a railway center, is being given precedence by the Russian chief command.

On the western front heavy fighting continues in the Somme region and at Verdun. North of the Somme the entente allies, after their gains of yesterday where they scored successes at several points between Pozieres and the river, are busy with standing counter attacks. The French reports today declare the Germans were repulsed repeatedly after violent fighting.

Northeast of Verdun the Germans have been forced out of the remainder of the ruined edge of the village of Fleury which they occupied, Paris announces. Stubborn fighting is continuing along this sector of the Verdun front.

Southeast of Gorizia the Austrians are determinedly facing the Italians and have now begun counter-attacks in efforts to prevent a further advance of the Duke of Aosta's armies towards Trieste. Today's bulletin from Rome announces the prompt checking of an attack upon the left wing of the Italian positions on the Carso plateau.

Russians Break Through Lines

Petrograd, August 19.—(Via London)—The Russians have broken through the Austro-German lines on the Stokhod river in Volhynia and have made a considerable advance, it was announced today.

Austrians Attack Was Repulsed

Rome, August 19.—(Via London)—The Austrians launched an attack last night on the left wing of the Italian forces on the Carso Plateau, it was announced officially today. The assault was checked by the fire of the Italian batteries.

British Advance Along 2 Mile Front

London, August 19.—The British line on the Somme front has been advanced over a section two miles long and 200 to 600 yards deep, from High Wood to the Junction point with the French forces, the war office announced today.

Portugal Mobilizing Her Forces

Paris, August 19.—"Portugal is today a vast field of maneuvers," said Major Norton Mattoz, the Portuguese minister of war in a recent interview with the correspondent of the Journal, publication of which has been delayed.

national reserve bank act, anti-trust law, Alaskan, trades commission, rural credits and good roads bills and the constitutional amendment authorizing election of United States senators by popular vote.

until today, for military and diplomatic reasons.

"Portugal being in a state of war with Germany, and Austria," continued Major Mattoz, wants to take part in the war in the most direct form and in a fraternity of arms.

"We are preparing with all our forces to take this direct part in the fighting. The mobilization of the army was received with enthusiasm and has not developed one deserter and we are continuing to raise men."

"As to our troops, you can go through our garrisons, our forts and military camps and everywhere you will see our recruits exercising in intensive fashion."

"Regarding munitions, our effort is similar. A great part of our national industry is in the service of the army. Already we have settled the urgent problem of troops and trucks and soon will be ready."

Belgians Gain In East Africa

Brussels, August 19.—A Belgian official review of the campaign in German East Africa and in the vicinity of Lake Tanganyika issued today says that the first two weeks in August were marked by further progress of the Belgian troops in Africa, and announced that Col. Molitors' brigade occupied Saint Michael, August 19. The statement adds:

"Since beginning its offensive movement the brigade, leaving Lutubo in Uganda at the end of April, covered more than 300 miles of German territory in a particularly difficult mountain region. During March it defeated the enemy in five combats inflicting serious losses."

Bulgarian Attacks Fail, Claimed

Saloniki, Via London, August 19.—Bulgarian troops who attacked the positions of the entente allies along the Serbian frontier on August 17 were repulsed and thrown back upon their original positions after sustaining enormous losses, says the Serbian official statement.

The Serbian statement issued August 18 announced:

"Yesterday at dawn the Bulgarians attacked along our front in the sector of Moglena (Moglenica) north of the villages of Scupina and Pajar. The Bulgarians were repulsed by our powerful counter-attacks and were thrown back upon their original positions after sustaining enormous losses."

The Bulgarians occupied the

Farmer Has Difficult Time In His Effort To Secure Wife

A Pond Run farmer named Wright approached Patrolman Pete Price on the street

Friday and asked him to help locate Mrs. Jennie Thornton, of 1027 Washington street, who he said had written to him offering to become his wife.

Price steered the aged man to police headquarters and Clerk Harry Johnson directed him the way to the woman's home. Mrs. Thornton when seen by a Times man Saturday denied having written to the man, saying she "wasn't looking for any man." She thought some one had simply played a joke on her by using

her name, adding that shoe factory girls had been amusing themselves writing to Mr. Wright over since he advertised for a wife in the Times recently.

Wright has been a widower for a year and claims to have a good farm and one of the finest gardens in the state. He told the police that a North Chillicothe street widow had come to his home to look over the situation but did not like the place.

"The Transfigured Church" Will Be Theme At Bigelow Sunday

"The Transfigured Church" is the title of a special sermon to be delivered by Rev. C. E. Chandler, pastor of the Bigelow Methodist church Sunday morning, when the church will be formally opened after undergoing a thorough renovation. This sermon is to be delivered at the morning services.

Rev. Chandler returned Friday from a five weeks' vacation spent at Epworth Heights, Lexington, Mich. Being a special day for the congregation of the Bigelow church, a special invitation has been extended to the public to attend the services. A fine musical program has been prepared by Mrs. Harley Marcum, organist. Arrangements have been made to take care of a large number of people.

The various Sunday school classes have been meeting jointly for the past several weeks on account of the decorating work being done, and Sunday will mark the transition of the classes from a general room to special class rooms. Each member of every class is expected to attend Sunday and bring a friend.

Since Rev. Chandler left on his vacation, the church has been thoroughly transformed. The work which has been re-arranged, new electric chandeliers have been installed and the exterior repainted. All of the improvements have been made with the exception of the installation of the new pews and carpets. These have not arrived.

HAMMER AND PAINT

The A. E. Miller Construction Company expects to begin work Monday on the Hill Top sanitary sewer job. The next public letting is that of the Lincoln avenue improvement, bids for which will be opened August 30.

Will Have Two Plans For Hill Top School

Ritter and Bates, architects, recently employed to prepare plans and specifications for a new school building for the Hill Top section, were instructed by the Board of Education Friday evening as a special meeting, to prepare plans for both a twelve room and a sixteen room structure. Bids are to be taken on both plans.

Judge Noah Dever appeared before the board with a deed for a tract of land located on Kinney's Lane. This land was selected as the site for the new school building. The deed and plat were sent to the city solicitor for inspection. The Supreme Order of Geeks was granted the use of the high school auditorium on the evenings of August 31 and September 1, with a provision that if it should interfere with the Teachers' Institute, which is to be held during that week, the order is to be rescinded. The Geeks intend to give a minstrel, the proceeds of which are to be applied to the "Shoe the Poor Kiddle" fund.

Superintendent Frank Appel was instructed to purchase the year's supply of printing from Kah-Patterson company. The following janitors were engaged for the ensuing year: Fourth street building, William Parker, \$50 per month; Second street building, H. W. Miller, \$43 per month; Bond street, Charles Bitner, \$60 per month; Union street, Ernest Cook, \$80; High school, Thomas Slade, \$125; Eleventh street, Joseph Johnson, \$10; Lincoln street, Walter Bowen, \$75; Offshore street, George Long, \$45; Highland street, Charles Partlow, \$80; Lawson, John Heid, \$55; Campbell avenue, Robert Jones, \$60; Garfield, John Henson, \$75; Albert Malone, engineer at the High school, \$80.

The salaries are paid for ten months only. During the summer months the janitors will each receive wages at the rate of 25c per hour for time spent in work.

WILL WIND UP LEAGUE AFFAIRS

At the picturesque spot known as Rockville near Buena Vista on the West Side the affairs of the defunct Ohio State league will be settled Sunday. President Joe Carr, of Columbus, will arrive here tonight and he and William N. Gableman, of the local club, will be met at Rockville Sunday by Tom Russell and Claude Watkins of the Maysville team. The swan song of what in its day was one of the best minor league teams in the country, which had furnished the major leagues with some high class timber, will be formally wound up.

WILL KEEP OUT PEDDLERS DURING THE KORN KARNIVAL

Messrs. Albert Zoelner, Will Burt and Charles Daehler, of the Korn Carnival committee, called upon Mayor H. H. Kaps Saturday morning relative to restricting or keeping away peddlers from operating during the celebration. It appears that in the past some holding licenses for selling certain articles switch to other wares during the carnival. The mayor assured the committee he would do all in his power to prevent such practices as do not have their sanction. Police will make regular tours of the carnival district for that purpose.

REV. MARTING LEAVES MONDAY ON A FINE VACATION TRIP

Rev. Albert Marting, pastor of the Fourth Street Methodist church, leaves Monday for Batesville, Ind., where he will join his family who are visiting Mrs. Marting's parents. Rev. Marting will remain there for several weeks. On September 6 he expects to go to Louisville, Ky., to attend the annual conference.

While at Batesville he will officiate next Wednesday at the nuptial ceremonies of Miss Hulda Lineweber, Mrs. Marting's sister, and Prof. Hilbert Ficken. Prof. Ficken is professor of German at Baldwin-Wallace College, Berea, Ohio.

During Rev. Marting's absence, morning services only are to be held in his church.

At Second Presbyterian

Ralph D. Cornuelle, assistant to Rev. George P. Horst, will have charge of the morning and evening services at the Second Presbyterian church Sunday. Mr. Cornuelle has two splendid sermons prepared and large congregations are expected at both services.

M. W. of A. Busy

At the weekly session of the Modern Woodmen of America Friday evening four candidates, Walter Rollins, C. E. Stahler, Charles Carr and W. E. Robinson were initiated. The applicants of Harold Reutinger and Herbert Reutinger were favorably balloted upon.

A committee composed of Howland Mackey, C. W. Bauer and W. H. Newman was appointed to make all arrangements for the lodge's part in the Korn Carnival fraternal parade. The committee will decide whether or not the lodge will have a booth.

Home From Lodge Meeting

A number of Portsmouth colored men came home Friday evening from Dayton where they had been in attendance at the sessions of the Grand Lodge of Colored Masons of Ohio. They report a most interesting session. Old officers were all re-elected. Next year the Grand Lodge will meet at Cincinnati. Those present from Portsmouth were John W. Evans, Leroy Johnson, Louis Minor, Fred Minor, William Wilson, Ed Thurston and Carl Bryant.

SUNDAY SCHOOL

Lesson VIII—Third Quarter, For Aug. 20, 1916.

THE INTERNATIONAL SERIES.

Text of the Lesson, Acts xix, 23-41. Memory Verses, 23, 32—Golden Text, 1 Tim. vi, 10—Commentary Prepared by Rev. D. M. Starnes.

Paul is now on his third and last missionary tour. As he returned from his second tour he left at Ephesus his two fellow workers, Priscilla and Aquila, whom he had brought with him from Corinth. He then proceeded to Jerusalem and thence to Antioch, where he remained for some time before starting on this last tour (xix, 18-23). We cannot think of him trying anywhere without seeing every opportunity to speak of Jesus Christ and His sufferings and glory. Having passed through Galatia and Phrygia, nourishing and strengthening the disciples with bread from heaven, he came again to Ephesus (xix, 1). During his absence Priscilla and Aquila had been busy at something more than tent making, for a Jew from Alexandria, eloquent and mighty in the Scriptures, had come to Ephesus, and because of the fire that was in him he spoke boldly in the synagogue and taught diligently the things of the Lord, but he did not know of the baptism of the Holy Spirit. These two faithful ones expounded the Scriptures more fully to him concerning some things, and then he felt led to go to Corinth and was commended to the disciples there, whom he was able to help much, and he mightily convinced the Jews, from the Scriptures, that Jesus is the Christ (xix, 24-28). There is many a Priscilla who is qualified to instruct more fully many an Apollo, but the latter are not always as teachable as this one seems to have been.

The crown of glory is a special reward for those who feed others with living bread, and it is not eloquence that is needed, but just a willingness to receive the message from the Lord and deliver it in His name, as the disciples received the bread from the Lord's hands when the 5,000 were fed and passed on to the people what they received from Him. They neither made it, nor bought it, nor increased it, nor in any way improved upon it, but were simply channels or messengers between Him and the people. Our Lord Himself only said what His Father told Him to say, as He has told us in John xii, 49, 50, and thus He honored His Father, and the Father wrought through Him.

This gives no opportunity to show what we know or what we can do and is therefore very humiliating to the pride of man, and many will not submit to it. But there is no other way by which we can be true messengers of God. If the message is ours He will not assume any responsibility concerning it, but if it is His message He will see that His purpose and pleasure are accomplished by it (Isa. lv, 11). What Paul came to Ephesus to do was to bring the living word of God to Corinth, and Paul began to inquire as to what the believers knew of the Holy Spirit, and, seeing their ignorance in this matter, he taught them more perfectly and became God's channel to them of the gift of the Spirit, so that they spoke with tongues and prophesied (xix, 27). Every true believer is a temple of the Holy Spirit, and when any one receives the Lord Jesus the Spirit indwells him and abides in him, but there is a difference between being indwelt by the Spirit and filled with the Spirit (John xiv, 17; 1 Cor. vi, 19; Acts ii, 4). The Spirit abides in the believer, and we cannot pray, as David did, "Take not away Holy Spirit from me" (Ps. li, 11), but we may be filled and re-filled as the need arises for special service.

For three months Paul spoke in the synagogue at Ephesus, boldly disputing and reasoning concerning the Lord Jesus and the kingdom of God, and when opposition drove him out he continued in the school of Tyrannus for two years or more until all in the province of Asia (where he was forbidden to speak on his second tour, as in xvi, 6) heard the word of the Lord Jesus. Some very special miracles were also wrought by the Lord through Paul (xix, 8-12). Wicked men tried to do wonders, even some in high religious standing, using the name of the Lord Jesus as they heard Paul do, but they failed badly indeed, while through Paul the word of God grew mightily and prevailed (xix, 13-20). Having sent Timothy and Priscilla into Macedonia, where he hoped to follow them, he continued in Asia, completing, as we read there (xix, 21, 22; xx, 24), as we shall see in our next lesson. Why he was forbidden to go to Asia on his second journey and now permitted to spend three years there we may perhaps learn some day.

The rest of our lesson chapter is occupied with the record of the riot of the silversmiths, whose craft was suffering because of the exaltation by Paul of the Lord Jesus. Their cry in verse 27 concerning Diana, "whom all Asia and the world worshipeth," makes us think of the coming anti-christ, whom all that dwell on the earth shall worship (Rev. xii, 8), but the kingdom shall be the Lord's (Dan. vii, 14, 27; Obad. 21). Until then we must expect that opposition to the truth will steadily increase and people are led to lies and doctrines of demons (1 Tim. ii, 15; 1v, 3, 4; 1 Thes. ii, 8-12). But the Lamb will overcome (Rev. xvii, 14).

Train Victim O. K.

Wesley Hammock, of 2130 Gallia street, who was run down by a B. & O. S. W. switch engine that snatched out the life of Julius Montavon, Sr., at the Broadway crossing in the East End, was able to be around as usual Saturday. He suffered a cut over his right eye and back of his right ear.

Coroner J. W. Dehler stated Saturday that he intended to investigate the accident.

Appeal To State Official In Wheelersburg Road Rumpus

Citizens of Wheelersburg and vicinity, who have vainly petitioned the county commissioners and the contractors in charge of the road paving for better temporary roads, have decided to take the matter up with the State Highway Commissioner, and request him to examine into conditions and to order that relief be given them.

A formal petition has been drawn up and numerous signed by business men of Wheelersburg and adjacent places. This petition says:

Wheelersburg, O., Aug. 18, 1916.
Mr. Coran, Supervisor, care State Highway Department, Columbus, Ohio.

Dear Sir:—We, the undersigned citizens and taxpayers of Scioto County, Ohio, wish to put before you some facts in regard to the work under the contract for paving the three miles of brick-paved road between Sciotoville and Wheelersburg, Scioto county. The contractors, The Sheridan-Kirk Contract Company, commenced work the latter part of May, with new equipment and a good force of men. They made very good progress on their job for the first month or six weeks, when they secured a contract for The Whitaker-Glessner Company at Portsmouth, Ohio, removing a greater part of equipment and working force to that job. In consequence there has been very little progress on the work of paving in the last thirty days. Our county commissioners turned over to the contractors 1-2 miles of county pike to be torn up. They did not provide any temporary roadway, but forced the public to make a detour at least three miles further around through hilly country and over dirt roads. The contractors have completed about 1-2 mile of their contract, have about 1-2 mile more of concrete laid for foundation and about 3-4 mile additional curbing. We understand that their contract is to be completed in October, but that there is no penalty attached in case they do not complete it. At the present progress they are making it will take two years to complete the job. Representations made to county commissioners have failed to secure any measure for relief. We respectfully submit this petition, praying your attention to the foregoing facts and your consideration of the requirements of the public interests, in view of the failure of the contractors to discharge the obligations which it was understood they assumed in the contract awarded to them.

Spokesmen for the petitioners stated Saturday that two weeks ago the commissioners and county engineer had promised them immediate relief, but that nothing had been done. Two hours' work, they say, would repair the temporary roadway at the edge of Wheelersburg, but at present it is almost impassable on account of ruts and holes. Wheelersburg citizens want a road built so that they can get back onto the roadway without having to go around Dogwood Ridge. They protest against the tearing up of so much pike at a time when the law expressly limits the length of pike that can be torn up at any one time, to one mile.

It is apparent that the paving will not be completed this winter, they say, and the Dogwood Ridge and Lindsay Hollow road, which is used as a detour, gets very bad in winter time. The trustees of Porter say they offered to pay the freight and

cinder the road if the commissioners would furnish the cinder, and this was agreed to, but so far the cinders have failed to materialize. If the bill detour is cindered it will be in good shape for the winter, it is stated. What is wanted, however, is the temporary road down the river so that the heavy hauling over the hills can be avoided.

It is thought that Highway Commissioner Cowan will take prompt action in the matter.

SOCIETY

The home of Mrs. H. C. Bugh, Baird avenue, was the scene of a pretty Kensington, with which she entertained this afternoon complimentary to her guest, Miss Marie Morgan, of Columbus, and Miss Edna Martling's guest, Mrs. George Martling, of Columbus. The afternoon was spent in conversation and dainty bits of needlework, after which a most delectable two course lunch was enjoyed by the guests.

town and station of Enlorina. "An enemy air squadron threw bombs on the British ambulances at Veerbeke. Six persons were killed. Nineteen allied aeroplanes dropped eighty bombs on the enemy hangars at Monastir. Excellent results were observed."

Germans Ejected From Fleury

Paris, Aug. 19.—The remainder of the ruins on the edge of the village of Fleury, on the Verdun front, was captured last night by the French, the war office announced today. The battle continued violently all night long and the French won their way forward foot by foot.

German counter-attacks were made repeatedly on the Somme front. The statement says the Germans were repulsed after violent fighting, leaving 50 prisoners in the hands of the French.

Sub-Lieutenant George Guinemer, French flying corps, whose exploits have won him a reputation as one of the most daring of French aviators, is again mentioned by the war office in today's statement. On August 18 he shot down his 14th adversary.

Allied Troops Gain Ground

London, Aug. 19.—Assaults by British and French forces against German positions north of the Somme in France have resulted in the gaining of additional ground by the attackers, according to the British and French war offices. The French advance was in and around Maurepas, the scene of much hard fighting during the last few weeks, and the British gain was in the direction of Ginchy and Guillemont, near the end of their section of the Somme front. The Anglo-French attack the British say, took place along the whole line from Pozieres to the Somme.

The gains reported by the British and French were in the center of the German positions on the Somme front and mark another step in the Anglo-French advance toward Comblis. French troops gained more ground in the village of Maurepas, after the stopping of German counter attacks near the village. Cavalry Hill, southwest of the village, was carried by assault and the French position on the Maurepas-Clery road was also extended.

British troops advanced successfully in the region of Ginchy and Guillemont and seized more German positions. The British mention no gain on any of this front. The Anglo-French forces captured more than 400 prisoners in their advance.

The French offensive continues on the right bank of the Meuse, in the Verdun region and Paris chronicles the capture of two fortified redoubts northwest of the Thiaumont work. Progress is also reported for the French east of the Vaux-Chapitre Wood.

Germans Shorten Part of Line

Berlin, August 19.—(Via London)—The war office report of today says the Germans victoriously resisted the stupendous Anglo-French attack on the Somme front which was made yesterday but that between Guillemont and Maurepas the Germans shortened their line somewhat.

MAN FOUND DEAD IN CELL POST CARD DAY SEPT. 2

A stranger, apparently fifty-five years of age, who because of his wild antics at the N. & W. depot shortly after four o'clock Saturday morning, was taken into police custody for safekeeping, was found dead on the floor of his cell at the city prison about 9:45 o'clock.

Among papers found upon the man by Coroner Dr. J. W. Daehler was a note which read as follows:

"The bearer of this note is Michael S. Loftus and if anything happens to him wire me immediately."

M. A. LOFTUS,

"Boilermaker,"

"East Radford, Va."

An N. & W. pass issued to M. S. Loftus July 18 and good until August 18 from East Radford to Cincinnati, was also found among the man's effects.

Dr. Daehler, judging from the condition of the body, thought the man had been dead for an hour or two when discovered. He found some blood on the face and nose, which Turnkey Joe Stockley thought was caused by the man bruising himself climbing

about the cell. He had given him a drink of water at 5 o'clock. About 8 o'clock the man quieted down and seemingly fell into a deep sleep. Shortly after Ed Salty, a prisoner, thought the man had ceased breathing.

Various persons who entered the cell room later all expressed the belief that the man was dead. Dr. Daehler was the first to arrive in response to calls for various physicians.

Dave Bauer, night ticket agent of the N. & W. railway, was the first person to notify the police about the man's strange actions at the depot.

Sergeant Leeds and Patrolmen Bonament, Good and Dumbson went after him. They found him violent.

H. T. Hutton, who was among those who entered the prison to view the body, expressed the belief that he was the same man he had seen walking past Smith & Dunn's coal office in the East End, Friday noon. He recognized him by his hollow cheeks.

Coroner Daehler gave least failure as the probable cause of death.

Coroner Daehler has sent a message to the man's relative at East Radford notifying him of the death.

of which is unfit to set out in the petition." This evidence, the petition says, will be introduced at the trial.

The plaintiff further claims that the defendant has been guilty of committing adultery with divers persons.

Mrs. Dawson says that her husband is capable of earning \$300 a month and has a large amount of money due on accounts and that she is sick and unable to make a living. She asks that she be granted temporary alimony during the pendency of the case and upon final hearing that it be made permanent.

Blair and Kimble represent the plaintiff.

Brother, Not Friend

Mrs. Belle Trailer called up The Times Saturday and asked that the article stating she had paid the police court fine of a friend be corrected. She said John George was not a friend, but her brother.

The police officials themselves were under the impression that George was a friend and not a relative and it was at headquarters that The Times received the information.

DEMOCRATS OF STATE ARE CONFIDENT THEY WILL WIN

Columbus, O., Aug. 19.—Placing this year's campaign in the same management as two years ago, members of the Democratic state central committee, at their meeting yesterday, and the candidates who met with them, were enthusiastic in their expressions of confidence that the party will be returned to power in Ohio and continue in the nation.

The meeting was in direct contrast with that of the Republican state central committee, Thursday, when nearly the entire day was consumed in executive conferences and fights over chairmanships.

W. W. Durbin of Keaton was re-elected central committee chairman and W. L. Finley, executive or campaign chairman, both without opposition. Former Governor Cox and former Attorney General Hogan delivered addresses.

Hughes' Campaign Feels

"The present national administration and the former state administration have filled the campaign with plenty of ammunition to conduct our campaign," said Mr. Cox. "And if anything were lacking, the good old Justice Hughes is filling our cannon now in more than allopahic doses."

The speakers asserted that Hughes' campaign has been feeble and senseless and has made many Republicans decide to vote for President Wilson.

Clarence N. Green, of Dayton, was re-elected secretary of the central committee, and William E. Eyer, of Georgetown, vice president. The committee then adjourned for an hour to consult with the candidates for state offices for the selection of the executive committee.

Mr. Finley was authorized to select the secretary of the executive committee. He announced that he will offer this position to Joseph Breitenstein of Canton, assistant United States district at

torney at Cleveland. It was not known whether Breitenstein would be in position to accept.

The following executive committee was elected: T. J. Noeter, Cincinnati; W. B. Gungwer, Cleveland; James Ross, Columbus; E. H. Moore, Youngstown; L. C. Kaplan, Akron; John A. O'Dwyer, Toledo; S. M. Daughless, Mansfield; H. E. Taylor, Portsmouth; Thomas E. Dye, Urbana; E. C. Schagen, Hamilton; Timothy S. Hogan, Columbus; A. D. Pollett, Marietta; R. J. Christ, Fremont, and W. S. Thomas, Springfield.

Says Willis Will Fall

Mr. Durbin accepted the chairmanship with a brief address in which he pledged himself to work "night and day" for the Democratic party this fall.

"Never before have the Democrats had so much to be proud of in the nation and the Republicans so much to be ashamed of in the state," said Mr. Durbin. He asserted that Governor Willis came into power through false pretenses two years ago and that voters now will demand explanations which he cannot make.

"The Republican party in the state has been delegated to Pete Durr and Rod Hynicka, the legates of the late George B. Cox," Durbin charged. "The Willis administration in Ohio will fall by its own weight, he said, adding that very few Republicans even attempt to defend it. Durbin ridiculed the Hughes campaign."

Cox's address was brief. He said that excellent and capable men had been nominated as his running mates on the Democratic ticket this year. He asserted that President Wilson will continue in office because of the accomplishments of his administration and that the Democrats will win in the state because "Ohio needs to be redeemed."

Hugging Roosevelt

Mr. Hogan said that, judging by expressions of Republicans throughout Ohio, President Wilson will get more Republican votes than any Democratic presidential candidate before him received.

"I should question the patriotism of any man who will vote against Wilson because he stood for a policy that he believed to be the best and safest for the United States," said Hogan. "He has preserved our peace and done it with honor. The United States never was more esteemed and honored abroad. If Justice Hughes hopes to convince the people that he will be safe as

president of the United States he had better quit hugging Theodore Roosevelt. Justice Hughes is going to certain defeat and he is displaying every symptom of knowing it."

Hogan praised the legislation of the administrations of Governors Harmon and Cox. Two years ago, he said, Republicans did not favor the workmen's compensation law until the Democrats forced them to it.

Korn Karnival Post Card Day is to be observed Saturday, September 2, according to an announcement made Saturday by R. E. Thomas, secretary of the Business Men's Association.

On this day, twenty-five thousand post cards, depicting scenes of the year's celebration, are to be mailed out of the city. Every Portsmouth and Scioto county booster is expected to mail

some of the cards to friends and relatives out of the city.

Last year Post Card Day was one of the most successful features of the Karnival. On that day over twenty thousand cards were mailed.

The post cards are here and are now on sale at several of the stores. Many have been forwarded to out of the city friends. Others have secured a supply and are holding them for Post Card Day.

REVIEW OF

WEEK'S MARKETS

New York, Aug. 19.—Two developments of unusual significance—the railway labor conference and the new British loan—were factors of paramount importance in this week's market. Trading was more active than for months and the trend was unmistakably upward to the close.

Bills were restrained however, by the uncertainty attaching to the outcome of the controversy between the railway managers and their employees. The course of events at Washington was observed with interest and opinion inclined toward a satisfactory settlement.

United States Steel was conspicuous among the industrials on its advance to 92 1/2, a quotation not attained since 1909, when it rose to 84 1/2. The shares of the other steel companies were stimulated to strength and activity, but munitions, motors and various other

SPECIALTIES MOVED IN A WAY TO SUGGEST

profit taking.

Continuance of prosperity in many lines of industry was attested by the increase in cash and stock dividends declared by the New York Air Brake, Goodyear Tire, Republic Iron and Steel, and Cuban American Sugar companies, the latter receiving a new record on the gain of 22 points to 250. Maxwell Motors common and preferred, also received initial dividends.

Shipping shares loomed large in the operations of latter half of the week. Mercantile Marine common and preferred, as well as Atlantic Gulf and West India, moving to higher prices, with considerable activity in United Fruit at a substantial advance.

Indications point to the success of the British loan for which public subscriptions are to be received next week. The number of syndicate participants is said to be gratifying and the terms including underlying material, are calculated to make the undertaking attractive to investors.

NEW YORK STOCKS

New York, Aug. 19.—Today's session was mainly devoted to the usual week-end settlement of industrial and professional contracts, these being more numerous because of the recent activity in specialties. Marines and United Fruit were pressed for sale but increasing strength was shown by all other issues.

Atlantic Gulf and West India, made a new record with a gain of five points for Pacific Mail on the resumption of its official service. Few changes occurred in the investment group, rails being held in check pending definite word from Washington. Motors were dull. The closing was irregular. Bonds were steady.

Shipping issues were under pressure at today's opening, the recent advance in these issues, coupled with adverse foreign advances, inviting profit taking, and short selling.

Marine common and preferred, yielded a point each, with 81 for United Fruit, but Atlantic Gulf and West India made a new high record at 73, before it reacted. Rails continued to reflect the shifting state of the labor controversy, although Reading was the only issue to manifest heaviness. U. S. Steel and other seasoned industrials were steady with moderate regressions in motors and some equipments.

CHICAGO GRAIN

AND PROVISIONS

Chicago, Aug. 19.—Wheat shorts covered their breaks on a large scale today and early prices were up more than three cents compared with yesterday's closing.

December opened 1 1/2 to 3 1/2 higher, at \$1.05 1/2 to \$1.08 1/2, and sold at \$1.05 1/2. May advanced to \$1.51, 3 1/2 over yesterday. James A. Patton asserted that the European war and the crop damage constitute an unprecedented market condition. The close was strong with net gains of from 3 1/2 to 4 1/2.

Hot weather and the wheat strength shot corn up. December 7 1/2 higher at 7 1/2 to 7 3/4, and sold to 7 1/2. September advanced to 86, a gain of 1 1/2. A private report estimating a decline of four points in the condition of the crop since the government report, was a bullish influence.

The close was strong 1 1/2 to 2 1/2 up. Oats were active and firm.

A surprise in September pork was the feature of the provisions market. Covering purchases of a few shorts sent the price at the opening to \$7.17 1/2, a gain of 6 1/2. Lard advanced 2 1/2 to 35, and ribs 5 to 10.

SCOUTS LOOKING AT EARL SMITH

Omaha, Neb., Aug. 19.—Big league scouts have been keeping an eye on Earl Smith, Pete Kilgus and Ernie Kruger. Smith especially is attracting the fancy. Earl is playing regular big league baseball, hitting and fielding and on the bases. And he always is able to use his noodle, a virtue few minor leaguers have and one big league scouts are always looking for.

Is Praised As Starter

Floyd Smith, a younger brother of Earl, has arrived in Omaha, accompanied by his father and mother, who will be the guests of Earl and his bride for a few weeks. Smith, who is the sheriff of Soloto county, Ohio, with his residence at Portsmouth.

A Discovery about your TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentures has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula, will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and Decay. Send 4c to Senreco for a sample tube.

NEW BOSTON

James Barker, arrested Wednesday on a failure to provide charge, was released on a \$5 bond Friday.

Thacker, arrested on a drunk and disorderly charge Wednesday, was fined \$5 and costs by Mayor Davis Friday.

The City township trustees held their monthly meeting in the town hall Saturday afternoon.

Will Fleming spent Friday in Ironton visiting friends.

Three hundred feet of new hose recently purchased by council, arrived Saturday.

Kelley Bros. are laying a cement walk in front of the J. S. Davis property on Gallia street near Center. The laying of the walk does away with a bad mud hole that has forced pedestrians into the street during bad weather.

The 16-months-old son of Mr. and Mrs. Mike Paluma, of Rhodes avenue, is seriously ill with stomach trouble.

Frank Rase, of Vernon, was a business visitor to New Boston, Saturday.

Mrs. Frank Emmett and children, of New Boston, will leave for Vernon Sunday to visit relatives.

Mrs. Ogle Burcham, of Gallia avenue, who has been spending a few weeks with relatives at Kalamazoo, Michigan, returned home Friday evening. Saturday morning she left for Richmond, Ind., where she will spend a few days with friends.

Noah and Norman Mault, of Stewartsville, will be the guests Sunday of relatives at South Webster.

Mrs. Fannie Abrams, of Cincinnati, is visiting her son and daughter-in-law, Mr. and Mrs. Joseph Abrams, of Harrisonville, Mo.

Miss Edith Bloom of Oak street, is spending a few days with relatives near Harrisonville.

J. B. Mackey, of Wheelersburg, was a business visitor here Saturday.

Wreck Near Wheelersburg

Both the east and west bound main tracks of the N. & W., east of Wheelersburg were blocked for several hours Saturday morning about 6:10 o'clock by a collision between extra 385-1076 and extra 1411 both west bound freights.

Extra 385-1076 had a break-in-two and the train had come to a stop between switches near Wheelersburg. Extra 1411 running a little behind the first train, crashed into its caboose. Four loaded coal cars were badly wrecked, seven cars were derailed, the caboose of 385-1076 badly damaged and the engine of 1411 was derailed. The cars turned over on the east bound track, blocking traffic on both main tracks. The N. & W. wreck cars of this city and Kenova by hard work had the wreckage cleared away in four hours. Scato Division Superintendent J. T. Carey, J. O. Clendenen, road foreman of engines and Assistant Trainmaster J. P. McMullan, of Kenova, and Assistant Roadmaster Richard Forrest were in charge of the work of clearing tracks.

Here Is Real Tomato Champ

George Keller, deputy oil inspector of 1220 Eighteenth street, won three first prizes in the fruit and vegetable exhibit at the Lucasville fair. Keller won first prize on the best display of tomatoes, largest tomatoes and best display of peaches. The big tomatoes averaged about 30 ounces.

Wants \$10,000 Damages

William Williams, this city, filed suit in common pleas court Saturday, through his attorneys, Banker and Bannan, and Will J. Meyer, against the W. L. Reinert Clothing company, Gallia street, and Adolph Reinert, asking \$10,000 damages, alleged due for injuries sustained.

The petitioner contends that a motorcycle owned by the defendants struck him and knocked him down, breaking his right leg on the evening of May 17, 1916. The accident occurred near the corner of Eleventh and Lawson streets. Adolph Reinert, it is claimed, was riding the machine at the time.

Hit By Auto
Miss Genoa Spencer, 200 Madison street, had a narrow escape from being seriously injured Friday evening. She was on her way home from the J. P. Sumner's grocery, Waller street, where she is employed, when she thought she heard a street car approaching. Being anxious to catch it, she ran out Waller and across Seventeenth street. When she reached the center of Seventeenth street, an automobile struck her, knocking her down. Before she could regain her feet, the machine had disappeared.

WHAT IS THE BEST WAY TO GET YOUR MONEY'S WORTH OF ENTERTAINMENT? WHY GO TO THE BEST PHOTO-PLAY THEATRE IN TOWN! OF COURSE!

In keeping with the policy of the Columbia to give its patrons the very best pictures on the film market, Manager Tynes announces another exceptionally strong program for next week starting on Monday with "The Wild Girl of the Sierras", a five-part Griffith production, featuring Mae Marsh and Robert Harron and "The Mystery of The Leaping Fish", a two reel comedy with Douglas Fairbanks.

Tuesday brings the peerless Ethel Barrymore on the Metro program in "The Kiss of Hate", an exceptionally strong picture in five thrilling acts.

Bertha Kalich, another star of the first magnitude, will appear on Wednesday in "Slander", a William Fox five-part master picture that has received the highest praise wherever shown.

Everybody will want to see William S. Hart on Thursday in his very latest "Triangle" production, "An Apostle of Vengeance".

This picture is absolutely different from all his other pictures and reproduces a story of one of the famous Kentucky feuds. "His First False Step" is the two-reel Keystone comedy for Thursday, and Chester Conklin is featured.

You have been reading about the famous "Bluebird" pictures in The Saturday Evening Post. Don't fail to see J. Warren Kerrigan on Friday in his very latest "Bluebird" production of "The Silent Battle".

Some few weeks ago, many people saw Francis X. Bushman and Beverly Bayne in "Pennington's Choice" and pronounced it the best picture that these two popular stars had ever appeared in.

This great picture will play a return engagement on next Saturday and don't fail to see it this time. This is the picture in which Mr. Bushman puts on a boxing match with James Jeffries, the late champion heavy weight fighter of the world.

the course of the play. "The Browns See The Fair" is a Nestor domestic comedy in which Brown and his wife decide to visit the San Diego fair, with their four children. Brown flirts with a girl which precipitates trouble.

"The Toy Soldier" is a Rex comedy drama. It is one of those Rex drama pictures that always please.

At The Strand. "The Stampede" is the title of Chapter II, of "Peg o' The King." This episode shows where the elephant carries Peg away during some excitement at the circus. She again falls into the hands of the villains and is taken on a small schooner, where the men cut cards to see which wins her. J. J. follows on a fast launch and the reel closes with her and another fighting the seamen.

"What Could the Poor Girl Do?" is a two-reel Nestor comedy featuring Billy Rhodes. "The Rosary" is a Rex drama which is followed by "The Heart-breaker," an Imp comedy.

At The Temple. "St. Elmo" is a five part William Fox drama that Manager Smith has secured as an extra big feature for tonight. The picture is exactly like the book as written by Augusta J. Evans. It is based on that world-famed phrase of John Ruskin's "Ah! the true rule is—a true wife in her husband's house is his servant; it is in his heart that she is queen."

A marvelous pictorialization of the world-famed American novel. One hundred and ninety-four gorgeous scenes. The play is enacted by an all star cast, of William Fox players. Be sure to see "St. Elmo."

Victorious Woodmen Are Welcomed Home

Flushed with the spoils of victory, the Woodmen of the World Uniform Rank, who returned from the annual district encampment, held at Mt. Clemens, Mich., last week, were given a royal welcome Friday evening at the regular meeting of the local camp.

The Uniformed Rank captured most of the prizes at the encampment. Roy McElhaney, district state manager, and Captain Leskey Janetzky gave detailed accounts of the meeting. Enroute home the local Woodmen stopped off at Detroit and made a short trip into Canada.

Arrangements for the big Cincinnati trip have been made. A special train will be run out of Portsmouth to this affair. The date set is Sunday, October 15.

Five applications were received. Plans were made for a big class initiation, which is to be held next Friday evening.

This year the Woodmen expect to take an active part in the Fraternal parade during the Kora Karnaival. A committee comprising Roy McElhaney, chairman; Oliver Lewis, Capt. Leskey Janet-

At The Exhibit.

There is an old superstition belonging to the people of the fishing villages that ill luck will come to anyone saving a living thing from the sea.

The intense 5-reel Mutual Masterpiece "The Net," produced by the Thanhouser company and now showing at the Exhibit theatre, is built on this theory.

A simple young fisherman saves a girl from the waves. With her misfortune and unhappiness enter his life, which is finally dispelled by the ultimate disappearance of the girl.

In this picture, which is full of some of the most beautiful sea settings ever shown on the canvas, Marion Swayne is featured in the leading ingenue role. Bert DeLaney is the fisherman and Ethel Jewett is the girl of the sea.

Also one reel of Mutt and Jeff comedy pictures filled with hundreds of laughs.

At The Arcana.

"Jackals of A Great City" is a two-part Gold Seal drama featuring Stella Razeto, Jeanne Hathaway, Harry Carey, and Hayward Mack. A story of big city life, with the white slavers at work, Lelia Hughes, sole support of her grandmother, likes Tom Duane, who is timid, and she loves Clay Winburn, who treats her more like a companion but he is a white slave agent which fact the girl did not know. The trio have some thrilling experiences during

Tired, Nervous, Run-Down, Liver Clogged and Poisoning the System?

Toile Water Will Clean Your Liver and Start You Feeling Good in Half an Hour.

Too much rich, starchy food clogs the liver. The drains become choked with waste matter and cannot discharge the bile as nature requires. When the little bile is gradually forced back into the system, making the skin yellow and the tongue coated. The stomach gets upset, causing gas to form, you feel stuffy and uncomfortable after every meal, have a dull or sick headache and become tired, nervous and run down.

The surest and quickest relief is a Toile Water liver bath. Get a 15-cent bottle from any drug store and take a third of a tumbler full in a glass of plain water before breakfast. In half an hour it will dissolve and flush out all the waste that is clogging the liver, leaving every tiny tube clean and fresh.

When the liver is clean and active you can eat what you like without suffering afterwards; you will never be constipated, nervous and unstrung.

Toile Water is concentrated and bottled at Dawson Springs, the famous Kentucky health resort. It finishes and bathes the liver without irritation and does not make you sick or leave you weak and exhausted.

To get the best results and be sure you are rid of all the poison your system has absorbed, you should take it every morning for a few days.

SALLY MADE THREATS, FINED; POLICE NEWS

Ed Sally, who recently returned to the city after quite an absence, was given some plain talk by Mayor Kaps Saturday morning.

Sally had been arrested Friday night for following Ed Thurman, of No. 1721 Tenth street, into George Fecht's saloon and threatening to cut him with a knife. Sally declared that the whole affair was simply a "misunderstanding," adding that he bore no ill-will whatever against Thurman.

The mayor reminded Sally that he was in the habit of running around and talking about shooting and cutting people and that this would not be tolerated. He fined him \$10 and costs, granting him 30 days' time in which to settle up.

The case of Ben Sparks, whose wife, Sarah Sparks, charged him with disorderly conduct, was dismissed, it appearing to have been a domestic quarrel. The couple later adjourned to the flood wall to exchange views regarding their differences.

A plain drunk giving the name of Timothy Farrel was fined \$5.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 66.

My Dear Dolly—As you have helped so many through your column would like to have you print this for me. I am a young widow looking for a husband. I have dark eyes, dark hair and fair complexion. I am a good housekeeper and good cook. Would like a man with no bad habits and not too large. Must not weigh over 135 pounds. Would like a answer through your column. EDITH.

I am not conducting a matrimonial bureau, so therefore cannot supply you with a husband.

Bertha, Ohio—Dear Miss Wise—I wish to learn dressmaking. How would be the best way to learn? If you know of any one who could employ a girl about her housework and at the same time teach her to sew, will you please let me know?

A WOULD-BE DRESSMAKER.
The best way to learn would be to get a place as an apprentice with some good dressmaker, one who knows her business, and also knows how to teach others. If any dressmaker in Portsmouth is willing to take this girl under conditions named above, let me know as soon as possible.

My Dear Dolly—Will you kindly advise me at your earliest convenience just what must be studied in order to become a drug clerk (I mean a prescription filler). Advise if you must first have a High school education and if it is possible, please advise the name and address of one of the best medical colleges, or pharmacy colleges that you might be acquainted with.

BILLIE.
You will have to study pharmacy. If you have a High school education you can enter the Cincinnati College of Pharmacy or the Queen City College of Pharmacy and complete the course in nine months. If you haven't a high school education, or its equivalent, you will have to spend from 3 to 4 years in a drug store before entering either of the above-named schools. At Ohio State University you will have to have two years of high school work for the 3 years' course, and for the 4 years' course one must be a high school graduate. There is a school of pharmacy at Ada, Ohio, and it is also taught at the Western Reserve, Cleveland. I understand the pharmacy laws will change on July 1, 1917. After that date all persons entering such a school must have a high school diploma.

Dear Dolly Wise—Please tell me how to make ink out of poke berries so that it will not spoil.

LIGHTING BUG.
Will some reader please supply this recipe?

Dear Dolly—Please tell me in today's issue what to use for scrubbing a cement floor of porch with to make it look white. Your answer will be thankfully read. C. F. S.

You can not make it white unless the white cement was used when the porch was built. You can, however, make it look as clean as possible by scrubbing it with soap powder and water.

There are too many "issues" to print in this column.

Worried Girl—Your letter was too silly to publish. I can't understand how any intelligent girl can be so crazy about a man who does not even know, as you seem to be about this one. My advice to you, young lady, is to keep away from strange men in the future.

Dear Miss Wise—Please publish the names of the members of President Wilson's cabinet, also the issues of the present presidential campaign.

After an enjoyable visit among old scenes and friends here, Capt. Othuro Lopo, for many years a resident of the River City, has returned to his home in Ft. Leavenworth, Kansas.

The home of Mrs. Louis Brown was the scene of a pretty birthday party yesterday afternoon, when she entertained in honor of her cousin, Miss Marian Dean, of Detroit, Mich.

It was her twelfth birthday anniversary and she was the recipient of many beautiful presents. The hostess was assisted by her mother, Mrs. Joseph Schaefer, and Mrs. Frank Brown in serving the dainty pink and white refreshments and favors of pink and white baskets of candies. The guest list was as follows: Misses Bernadine Streiber, Alma Russell, Ruth and Julia Russell, Clara Wiggins, Kathryn Dean, Dorothy Haag, Clara and Margaret Vetter, Elizabeth Reinhardt, Regina Reitz, Mrs. Harold Dean and son, Roy, Mrs. Edward Schaefer and little daughter, Anna Louise.

Misses Pauline and Marguerite Schroeder, daughters of Mr. and Mrs. George Schroeder, of Gay street, are visiting their grandparents and relatives at Mayville, Ky.

The members of the Joseph Spencer Chapter of the D. A. R.'s are cordially invited to attend a social Kensington at the home of Mrs. Zora Todd, of Sciotoville, on next Thursday afternoon, from 2 until 5 o'clock. Each member may bring a guest and to notify the hostess.

Three-quarters of an hour is required for making the street car trip. All members are requested to be present, if possible. The chapter recently enjoyed an outing with Mrs. Evans at her lovely country home at Friendship, where there were many delightful social features for the members and friends.

Mr. and Mrs. Frank Minego, of Grimes avenue, have as their guests Mr. and Mrs. M. G. Thomas, of Newark, and Mr. and Mrs. C. C. Rodabaugh, of Columbus, who motored through to spend the week-end.

Mrs. Wm. Hudson, sons Ben and Heron, and daughter, Mrs. Nellie Tenor left in their new Stutz car for a trip to Columbus, Cleveland, Detroit and Chicago.

Miss Elizabeth Ricker returned home Wednesday after spending a month in Albany, N. Y., and Boston, Mass. She was accompanied home by her brother, Mr. Will Ricker, who has now returned to New York.

Miss Alma Smith and Miss Selma Gims will leave Monday for Cincinnati and Dayton to visit friends and relatives.

Miss Beatrice Chick has returned home from a nine weeks' visit with her brother, Mr. Edward Chick, on his ranch in New Mexico.

Miss Alice P. Hoffman, of Marietta, has returned to take up her work as milliner at Anderson's.

Mrs. Jennie Dunn, of Nineteenth street, has returned home after a delightful summer spent in Tennessee.

Mrs. Roy Oakes, daughter Mabel, son Charles, and Miss Goshia Pendleton will spend Sunday at the home of George Palmer, on the West Side.

Millard Smith, of Union street, is spending his vacation with his grand-parents, Mr. and Mrs. J. E. Brown, of Stockdale, O.

Mr. J. P. Smith and Mr. Pearl Pennywitt, of the Portsmouth Monument Works, have been spending the week in Cleveland attending the big monument convention being held there. During their stay there they have enjoyed an excursion to Cedar Point.

Miss Elizabeth Stant, of Chillicothe, is the guest of her uncle and aunt, Mr. and Mrs. Charles Uhl, of Eighth street.

Will Return Tonight.

MOTIF IN LADDER STITCH

This motif looks particularly well in the center of a round lingerie pillow. Use fine linen and make up over a pale color. The circles are done in eyelets, and the barred spaces in ladder stitch or cut work. Use mercerized cotton No. 25.

DIRECTIONS FOR TRANSFERRING

In taking off these patterns, lay a piece of impression paper upon the material, place the newspaper pattern over this, and with a hard, sharp pencil draw firmly over each line. If the material is sheer it may be laid over the pattern and drawn off with pencil, as the design will show through.

No patterns of these designs are available.

WEST END NEWS

Attorneys Still Have Faith In The West End

While the march of progress in Portsmouth has been eastward there are a few lawyers left who still have faith in the West End. They are Attorneys Theo. K. Funk, Johnson & Johnson and Attorney Alex Woodrow.

While many of the city's most prominent attorneys moved uptown in recent years the aforementioned have never felt tempted to follow suit. Mr. Funk has been located in the same square on Second street since he came to Portsmouth in 1873 and declares he hasn't the courage to leave it. He was first located in the old iron front Micklethwait building on the present site of the Washington hotel, next moved to the stone front building at present occupied by Steinkamp's furniture store where he was associated with former Mayor Volney Row. He then moved to the old Houston block which is now the building owned by the Eagles where he was associated with the late Hon. James Drouillard. After that he

moved across the street in the old Tribune building now occupied by the Kah-Patterson company where he founded the law firm of Farnham & Towne located, next to the old Blade building on Second street and for the past seventeen years he has been occupying a suite of offices in the Findeis building at 516 Second street. "Lawyers come and go but the old sage of Mt. Tabor is always found doing business at the same old stand and each year more and more is justifying the reputation of being one of the best criminal lawyers in Ohio," remarked an admiring friend who had overheard the conversation.

The other remaining West End attorneys likewise are enjoying a lucrative clientele. Attorney Samuel M. Johnson, senior member of the firm of Johnson & Johnson, has been located in the West End since the '80s. His father, the late John George Johnson, was one of the early and successful attorneys of that section of the city.

The Head of Every Family

Is paying for a home. If he is living in a rented house, he is paying for his landlord's house, and when he has it paid for, it still belongs to the landlord, and he starts right in paying for it a second time.

When he adopts the ROYAL DEFINITE CONTRACT LOAN plan and has a home paid for, he owns the house and can quit paying or go on saving his money for some other plan to benefit himself and family.

INTEREST RATE IS REASONABLE

Some people say "I would buy a home but I have not enough to pay cash and the interest is so much." They let the interest scare them. The interest rate is six and seventy-six one-hundredths per cent. The renter pays this to his landlord and a profit besides.

SAVE THIS PROFIT FOR YOURSELF

Why, some people are buying houses through the Royal and letting the renter pay for them. They bring the rent to pay the payments on the loan.

Are you going to keep on buying the landlord's house or are you going to pay for a home of your own.

Come and see us. We will help you get your own home.

"Home of Character, No. 105-D"

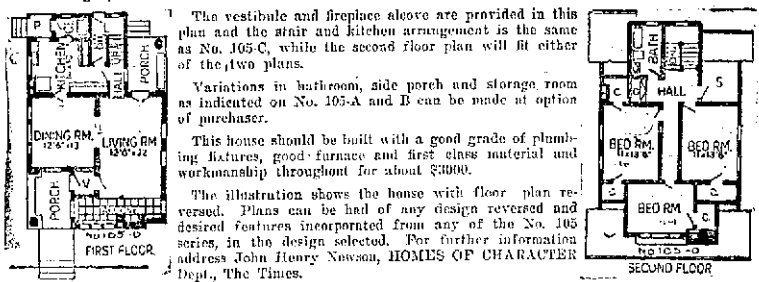

In this adaptation of our original No. 105 field stone has been used for the spur walls to the steps and the foundation to the porch, while brick has been used for the balance of the chimney. The side walls are in shingles, as also the roof.

The vestibule and fireplace alcove are provided in this plan and the stair and kitchen arrangement is the same as No. 105-C, while the second floor plan will fit either of the two plans.

Variations in bathroom, side porch and storage room as indicated on No. 105-A and B can be made at option of purchaser.

This house should be built with a good grade of plumbing fixtures, good furnace and first class material and workmanship throughout for about \$3000.

The illustration shows the house with floor plan reversed. Plans can be had of any design reversed and desired features incorporated from any of the No. 105 series, in the design selected. For further information address John Henry Newson, HOMES OF CHARACTER Dept., The Times.

EVERYTHING ELECTRICAL

IT'S WARM ENOUGH THESE DAYS WITHOUT ADDING ANY MORE HEAT!

The idea right now is to reduce the heat in the home, the work shop and the factories. When the thermometer is hovering in the nineties, enjoy the cooling current from an electric fan—costs no more to operate it than burning an incandescent light. Don't swelter keep cool—an electric fan will solve the problem.

ELECTRIC LIGHTS GIVE BRILLIANT LIGHT AND NO HEAT!

The light is mellow, restful and as near like daylight as the sun's rays. Be comfortable, be happy, be contented, be sensible—do things electrical in these progressive days. Whether you own your home or rent it, you ought to see it has electric service. We will be glad to talk to you any time about how little it costs and what are its manifold advantages.

Dr. Merchant S. Bush Has Accepted Local Pastorate

Dr. Merchant S. Bush, pastor of Holy Trinity Church, Philadelphia, Pa., will be the new pastor of the First Presbyterian church of Portsmouth. A letter was received Friday from Rev. Bush accepting the unanimous call extended him at a congregational meeting. He expects to begin his pastorate here about the first of October.

When here on July 23, Dr. Bush made a most favorable impression upon the congregation that worships at the First church,

delivering two powerful sermons from the fine work accomplished here remained over Wednesday by Rev. Bush at Philadelphia, the viewing the field and becoming church has again made a wise selection. Since he accepted the pastorate of Holy Trinity church the congregation has increased from 50 members to 600 members.

At the congregational meeting a vote was taken as to the church electing a successor to Rev. J. H. Wirt Dunning and Rev. Bush was elected. Rev. Bush is 38 years of age, received every honor, was married. He is a good speaker, a fine preacher, an efficient worker and a man upon whose leadership and character the congregation is in the best of the First church has ever seen.

In connection with the question of pastors, and judging

the local call it was also stated that the church, which is the oldest in the city, would celebrate its centennial on May 24, 25, 26 and 27. All the former pastors now living will receive an invitation to attend the centennial celebration which is expected to be one of the biggest religious gatherings held in the city in years.

TRINITY CHURCH TO CONDUCT AN EVERY MEMBER CANVASS

The annual Every Member Canvass will be conducted by the members of the church on Sunday afternoon, August 27. A sincere effort will be made to visit every member of the church and secure if possible a two-fold pledge from each person covering the current expenses of the local church, and for the church benevolences, for the coming year. All of the members are kindly urged to remain at home on the afternoon of the 27th, to receive the canvassers who will call between the hours of two and six. Those who have changed their residences within the past 12 months are requested to send their new addresses to the pastor immediately. The hearty support and co-operation of the entire congregation is earnestly desired.

UNION SERVICES CONTINUE

During the absence of Rev. W. M. Hart from the city, the congregations of the Kendall Avenue and Hutchins street churches enjoyed a delightful season of union services, held in the Kendall Avenue church, with Rev. H. C. Smith, pastor of the Hutchins street church, in charge as the preacher. The attendance and interest during these meetings was far beyond the average for the hot summer nights.

Rev. Hart has returned from his vacation and the two congregations, beginning tomorrow evening, will meet for the next three Sunday evenings in the Hutchins street church and Rev. Hart will preach. Special attention is being given to the musical feature of these union services and those who attend are assured of a most interesting and profitable hour.

The young people's societies meet together at 6:30 and the preaching services follow immediately, beginning at 7:30. The general public is given a most hearty invitation to enjoy these evenings.

15,000 PEOPLE ATTEND THE FAIR AT LUCASVILLE

Fifteen thousand people visited the Lucasville County Fair during the three main days, according to an announcement made Saturday by Clyde Hunt, secretary of the association. Of these, ten thousand, approximately, were paid admissions. On Friday, the closing day, there were about two thousand paid admissions. The directors are highly pleased with this year's attendance and are now planning to have a larger and better fair next year. The races Friday were interesting. Sarah D., owned by Hagler, Xenia, O., broke the track record in the second race. The time was 2:16. The record was formerly held by a horse named Lydite. The time was 2:17. The result of the races was:

Missionary Trip Around The World

With many of the "old timers" back from their vacations, with a splendid lesson and an excellent teacher for the adult department, the attendance at the First Christian Bible school tomorrow morning at 9 o'clock is expected to chirp up a bit and assume a normal aspect. In fact, it looks as though the 600 mark would be reached at least, and this will be some improvement. The summer slump has about spent itself and from now on the attendance is expected to gradually creep upward.

It behooves all members of the school and church to be on their "toes" at this time, for Rev. Oakley, the pastor, is away on his vacation and he expects his stewards to overlook nothing that will tend to promote the interest of the big organization. So let every member bestir himself and come out with several reams of enthusiasm and bring a visitor.

Gilbert Dodds will teach the lesson to the adult classes and this means that interest will remain at high tide. Come prepared and come with all sorts of questions, for Teacher Dodds is sufficiently posted to answer any and all of them. Communion services will follow the Bible lesson. In the evening the services will be in charge of the Senior Christian Endeavor Society, and this live organization promises to render a program both interesting and instructive. Make no mistake about it, this organization will care well for the evening exercises. The public is cordially invited to come. Services will begin promptly at 7:30 o'clock. Special music. The Christian Endeavor quartette will render sev-

Establishes New Record

Cincinnati, O., August 18—According to records in the hands of the national baseball commission, the shut-out game pitched by Alexander, of the Philadelphia Nationals here yesterday, establishes a new record for no-run games pitched by one pitcher during major league season. Up to last year, according to these records, Mathewson, pitching for New York, held the honor with 12 shut-out games during a season. Alexander equaled this last year and surpassed it yesterday, pitching his 13th shut-out of this season.

Geeks Will March In Fraternal Parade

The Geeks, at a well-attended meeting Friday night, voted unanimously to participate in the Kurn Karnival fraternal parade and also to place a booth on Chillicothe street. The committee appointed to look after the necessary arrangements is composed of Gus Hoerner, chairman, Louis C. Peel and Charles W. Wilson. Further action regarding the proposed minstrel entertainment of the Geeks was postponed pending an answer from the board of education to the application for the use of the high school auditorium.

MR. CUSTER WILL GET CHAIR

Thanks to the liberality of Mr. Custer all sorts of enjoyment. Portsmouth people, Asa Custer, a hopeless cripple, will shortly receive one of the very latest wheel chairs, one that he can operate himself and one that will carry him to any part of the city. The chair, which will be ordered today, was made to fit Mr. Custer's condition. Recently at the suggestion of his friends, he went to Elyria, O., and had the chair made to suit his requirements. It will be operated with hand levers or propellers and will no doubt give Mr. Custer all sorts of enjoyment. The chair will cost \$77.25, f. o. b. Elyria, and all the money has been raised with the exception of a few dollars, and no trouble is anticipated in making up the deficit. Mr. Custer feels extremely grateful to those who have donated toward the purchase of the chair. Ask my customers about my work, Brehmer, the Painter. 117

Circleville Police Say Dr. Seitz "Speeded"

Dr. William Seitz, of Eleventh street, was detained in Chillicothe Thursday on a charge that he was speeding in his automobile while going through Circleville. As soon as he made it plain to the Chillicothe officials that he was a Portsmouth physician, no effort was made to hold him and he came on home. Dr. Seitz had been to Columbus on a business trip and came through Circleville at his usual rate of speed about nine o'clock in the morning. One mile south of Circleville a man, who later proved to be a traffic officer, tried to stop the doctor by yelling "Hey! Hey!" and the physician, not knowing who he was, turned on more gasoline and left the man in a cloud of dust. At Chillicothe the physician was stopped, the arresting officer saying that the traffic officer at Circleville had claimed he was speeding. The physician went to the mayor's office and explained that he did not think he was speeding and said that the traffic officer "must have been seeing double." The Chillicothe authorities did not seem to be anxious to hold Dr. Seitz and he came home.

WHENCE THE NAMES

We have often wondered why there were so many negroes named Johnson and Lee. We find the explanation in an issue of the Virginia Times-Dispatch of fifty years ago. While they were in bondage the negroes had no family names. With their liberation came a desire for the distinction of a family name. Most of them chose that of their master's and were thereafter known by the same, but a good many exercised more originality or fancy and chose more distinguished names. It is singular that in doing so a great majority of them showed a predilection for great southern commanders instead of northern. And thus it was that you find so many colored Lees, Johnsons, Jacksons and Earlys and so few Grants and scarse a Sherman, with no Sheridans at all. In the article on this subject the Times-Dispatch relates an affecting incident. When the choosing of names became general an aged feeble "uncle," who had at best only a short year or two before him, called his progeny together and told them that thereafter they must all be known as Lillies. His explanation was that when he was nothing but an onery pickaninny on the plantation, his little white missus was born and they called her Lilly. They gave him to her and in his own arms had he carried her every day until she began to toddle about, and then she sickened and died. She was the sweetest little angel God had ever put breath into and she loved "black Sambo" and he just wanted her remembered by her own folks. So when you run across a black Lilly, don't laugh, but think of the simple, undying love and loyalty out of which the name was born and learn that virtue wears no given color.

PAYING THE PENALTY

According to a report issued a week ago by the statistician of the Interurban Rapid Transit company, of New York, five tons of newspapers are thrown away every day on this line. This represents, in part, and only in a small part, the incredible waste practiced by American people and more particularly publishers of newspapers and for which they are now called upon to pay the penalty. The newspapers represented by this waste were all bloated in size and sold at a price that was below the point of business safety. Those who carelessly tossed them aside often bought several papers when any one would quite as well have served their purpose, in fact better if they had carried it home, and read it with more thoroughness, instead of being merely glimpsed over and cast aside. With the abnormal increase in cost of print, or news, as it is ordinarily called, there are just two courses left for newspapers to pursue, they have either got to reduce in size, or else raise the price. It is quite probable both will have to be adopted, in at least so far as street sales are concerned. A 12, 16, 20 and 24 page paper can no longer be sold for a cent and maintain itself, because the price received is too far below the net cost of white paper and represents too large a loss on each paper sold.

GETTING READY FOR PEACE

German business men are getting ready for peace. They know the war will end. They probably believe it will end favorably for Germany, but they know it will end some way, whether it is favorable or unfavorable. And how-ever it ends, they know there will be business to be transacted, and they want to profit by helping to transact it.

So we read that the ship building interests are busy building ships, to be used at the close of the war—since they can not be used until Germany gains access to the sea. And we read, further, that the new ships are to be the largest in the world, and the most elaborately equipped, and the most modern in all respects.

The Hamburg-American line is said to have under construction a vessel to be known as the Bismarck, of fifty-six thousand tons capacity—the largest vessel by all odds that has ever been constructed. Several others being built by this company are said to be of thirty-six thousand tons capacity and that is about as large as any now in existence. The smaller vessels being constructed by the company are numerous—ships carrying from eighteen to thirty thousand tons.

Then, there is the North German Lloyd company. It is also working upon several great vessels, one of them nearly as large as the Bismarck. It already has several about completed, and will have a dozen or more ready for the trade within a year or two. So it seems that Germany will be ready to take advantage of the shortage of shipping the very moment the war ends—in which event she will win a tremendous victory of peace whether she wins a similar victory at arms or not.

It is this preparedness that makes Germany great. While she had peace she prepared for war—and was the one nation on earth that was ready when war came. Now that she has had two years of war, she has had also two years of preparation for peace, for it is no secret that the moment the war started she began preparing for peace.—Dayton News.

SPEAKING FOR THE KORN KARNIVAL

ALBERT G. TURNIPSEED

(Georgetown News Democrat.)

The Democracy has selected a congressional candidate in the Sixth District from Adams county. We are from Adams county, too; but that will have nothing to do with what will be said in this candidate's behalf. It must have been in the middle of '80's that Albert G. Turnipseed, with his parents came into vision. The parents came to West Union with their six sons. The father made and burned bricks and laid them in the new buildings. These boys helped him with this work. They were industrious, and looking back we note as they helped in the support of the family, each was busy with his studies. All grew without the aid or support of anybody, to be men equipped intellectually and took their places like trained soldiers in the walks of life.

Four of the brothers became educators, and not least among them was Albert G. Turnipseed, whom the Democrats have selected as their congressional candidate. Adams county has long been known for the number of educators that county has produced, but if you will go into the county, among those who were tutoring during the days when Mr. Turnipseed was engaged you will find hundreds of men and women who will tell you that there were none who excelled and few who equalled him. Later he studied law, engaged in raising blooded cattle, and became a man of affairs. In all of these he put that same energy which we look back and see was manifest when he worked for his father in making and laying brick.

Wherever he taught school he left a feeling among those who had gone to him for tutoring that he was capable of the task which had been brought to him and had given his honest endeavor. Both in Clermont and Adams counties there are hundreds of people who will testify to this. He is a man who has grown from boyhood here in the Sixth congressional district. Time and time again he has gone to the front for his fellow citizens and accomplished for them things of vital importance, which would have failed. These have not been done in view of political reward, because he fought the battles of Democracy from the stump and by personal mission, even before he had reached his majority, and this is his first time to come before them.

This brief scanning of his busy life brings him before the public, from a poor boy to the present honored place, and we can assure you that we know that his life has been as clean and honest, pleasant and convincing as the people will find him when he comes to them that they may pass upon him. Personally, we stand by the brief statement made hurriedly last week, that if Albert G. Turnipseed is not elected in the coming election then it can be said truthfully that the Sixth district refuses to give acknowledgement because Mr. Turnipseed is the choice of the Democracy. We don't believe they are that partisan.

Great combination that of a certain Washington and a certain Cincinnati paper. Both are under one ownership, and what ones give utterance to the other re-prints, thus giving it a sort of double effect.

NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, August 19—The Lady in the Black Mask has been creating a flutter of excitement around New York the past week. When she alighted from a train at the Grand Central she was dressed in a neat tailored suit, a striking hat, and the upper part of her face was hidden.

She was stopped three times by policemen on her way to her hotel, as it is against the law to mask the face in Gotham—although there are many who could improve their looks by resorting to this expedient. The she-masked-maid had difficulty in being admitted to the fashionable Majestic, but three well-known New Yorkers vouched for her and she has been appearing on the

bridle path, in the shopping districts and in the cafes in the mask. It is her claim that she is a California society girl who wishes to hide her identity on account of her parents. But she let the secret out when she brought with her two fine western horses.

It was just a little press agent stunt to accumulate more publicity for her than the rest of her sisters who appear at the cowboy and cow-girl Stampede at Sheepshead Bay. A little man stood out on the lawn at Saratoga puffing at a big cigar. He had the build of a boy of 15 and he had the face of a man of 45, and his stomach was portly. The crowd surged about him, but not one noticed him.

BedTime Tales

Too Many Toys

Too many toys! You didn't think anybody could have too many toys? Dear me! Yes! They can and more over they often do! And that's too bad too, for too many toys are less fun than too few. When you have too many, it's very hard to pretend you have not enough, while when you have only a few, it's lots of fun to pretend that you have some that you haven't.

Mary Jane and her brother Tom had too many—there was no doubt about that! They had automobiles and dolls of all sorts and sizes and kinds. Dolls that had dresses for parties and dresses for motor and for bathing and golf and—and everything. And engines of all kinds till it really made one tired to think of setting them all to going. And games—so many games that Tom and Mary Jane never could decide which one to play, so they didn't play any. Oh, it's a very hard luck to have too many toys—you can see that for yourself!

One morning in the pleasant summer time, the children's mother came out onto the broad shady porch just in time to hear Mary Jane say, "So there isn't a single thing to play with!" And to hear Tom reply, "Not a single thing!"

"What in the world are you talking about?" asked their surprised mother. "Not anything to play with? Why, this whole porch is covered with toys!" And right at that minute she happened to realize what the trouble was.

She looked thoughtfully at the toys, then at the two bored children and then back at the toys. "This is Monday morning," she said at last, "and every toy that doesn't have something to do with washing clothes is to be put away by the time I come back, which will be in five minutes." And she went into the house.

"I have no idea what she means," laughed Mary Jane, "but it's something to do anyway," and she started

to work. She kept out her doll wash-tub of course, and a wringer that was perfectly like a real grown-up one; and the clothes-line. Then she tossed a lot of the other toys into her dress and took them to the nursery.

When she came back Tom had just finished picking up all but one wagon. "I'm going to use that to collect laundry," he explained. "And say, Mary Jane, let's go out under the tree and open a laundry for dolls' clothes!" And off the children scampered.

Mother found them playing happily out there and gave them a list she had written. "Monday, play with laundry things; Tuesday, clean up the dolls' house and make repairs on furniture; Wednesday, bake and cook; Thursday, build bridges and boats; Friday, play school; Saturday, take a trip."

And since Mary Jane and Tom have played that way they have always had something nice to do. Try it yourself some time and see if it isn't a good plan.

Sterilized

The antiseptic baby and the prophylactic pup. Were playing in the garden when the bunny gambled up. They looked upon the creature with a loathing undisguised. It wasn't disinfected, and it wasn't sterilized!

They said it was a microbe, and a hot-bod of disease. They steamed it in a vapor of a hundred odd degrees. They froze it in a freezer that was cold as banished hope. And washed it in permanganate with carbolated soap.

In sulphurated hydrogen they steeped its wiggly ears. They trimmed its frisky whiskers with a pair of hard-boiled shears. They donned their rubber mittens, and took it by the hand, and lectured it a member of the fumigated band.

R. R. PRESIDENTS TO GIVE WILSON FINAL ANSWER

Washington, August 19.—Arrangements have been made for a conference at 11:30 a. m. between President Wilson, the railroad presidents, and their committee of managers.

The railroad presidents had prepared to submit a written statement of their position to President Wilson which, it was said, possibly might be final. It was planned to make it public later.

It was understood that the railroad presidents were unshaken in their stand for arbitration and their statement to the president would be a detailed justification of their position for the public.

Washington, D. C., August 19.—Whether a nation-wide railroad strike can be avoided rested largely on the answer which railroad presidents and managers were to give to President Wilson today on the settlement plan proposed by him yesterday and accepted by the employees' committee. It was not believed the railroad heads would accept the president's suggestion that they grant an eight hour day with pro rata pay for overtime and submit other issues to investigation by a federal commission.

Hope existed, however, in the belief that the president might advance a counter proposal such, for example, as that they allow the eight hour day principle but place collateral questions before a board of arbitration instead of the suggested federal commission. This plan, it was pointed out, would conform to the railway management's insistence on the principle of arbitration.

President Wilson is said to be determined, not to accept from the railway presidents a final rejection of some plan which might be made the basis of an agreement, and still is considering appealing to the financiers who control the roads, if negotiations with the president should fail.

It was said the managements have given special consideration to the possibility that if they institute an eight hour day principle for the four hundred thousand railway employees in the United States general labor conditions would be affected soon and similar demands for short working days would become widespread. Echoes of this attitude might reach the president within a few days, it was suggested.

The committee of 640 railway brotherhood representatives remained virtually idle today awaiting further call to the White House. Indications were that the negotiations between the president and each side would continue during a greater part of next week.

BULGAR ATTACK ON ALLIES FAILS; LOSSES REPORTED ENORMOUS

Saloniki, Via London, August 19.—Bulgarian troops who attacked the positions of the entente allies along the Serbian frontier on August 17 were repulsed and thrown back upon their original positions after sustaining enormous losses, says the Serbian official statement.

The Serbian statement issued August 18 announced:

WEATHER

Ohio—Fair and continued warm tonight and Sunday.

"Yesterday at dawn the Bulgarians attacked along our front in the sector of Moglena (Moglenia) north of the villages of Soupinia and Pojar. The Bulgarians were repulsed by our powerful counter-attacks and were thrown back upon their original positions after sustaining enormous losses.

The Bulgarians occupied the town and station of Enlorina. "An enemy air squadron threw bombs on the British ambulances at Veerbeko. Six persons were killed. Nineteen allied aeroplanes dropped eighty bombs on the enemy hangars at Monastir. Excellent results were observed."

U. S. TROOPS ARE ROUTED BY TROPICAL STORM ALONG BORDER; CORPUS CHRISTI IS ISOLATED

San Antonio, Texas, Aug. 19.—United States soldiers and national guardsmen stationed at Fort Brown were driven from their quarters and have taken refuge in the city hall and other public buildings at Brownsville on account of the gulf storm which struck this section last night.

El Paso, Texas, Aug. 19.—One soldier was killed, and thousands of others encamped in and near El Paso, suffered great discomfort as a result of heavy rains which fell throughout the night. During the all night storm Private Charles Johnson, headquarters company, Seventh U. S. Infantry, of Chonoma, Montana, was killed by lightning in his tent at Fort Bliss. Other soldiers nearby were stunned.

Water ran through the camps of the Massachusetts, Pennsylvania, South Carolina and Michigan national guards, nearby, inundating some tents and ran three feet deep in the company streets of the Thirty-first Michigan Infantry.

San Antonio, Texas, Aug. 19.—With army wireless reports stating there had been comparatively little damage and no known loss of life in the Brownsville district chief anxiety centered early today on the situation at Corpus Christi and that vicinity as a result of the tropical storm which struck the Gulf coast yesterday morning. The only loss of life so far reported was in the sinking in the Gulf of Mexico of the steamer Pilot Boy, plying between Galveston and Corpus Christi.

The vessel carried a crew of 13, only three of whom have as yet been reported saved. These three were washed ashore alive at Port Aransas, Texas. The last telegraph wire into Corpus Christi failed at 2:30 o'clock yesterday afternoon and the last telephone line went out shortly before 7:00 o'clock last night. Last reports from Corpus Christi placed the velocity of the wind at 70 miles an hour and it was stated the storm was expected to increase in intensity until midnight when the crest would be reached.

The storm had abated somewhat at Brownsville at 11 o'clock last night, according to wireless reports to army headquarters at Fort Sam Houston, the only means of communicating with the city. The message stated, however, another storm was reported approaching from an easterly direction.

The storm played havoc among the army camps at Brownsville district—practically half of the tents being blown down, and loss of considerable army equipment was reported. Fully 30,000 National guardsmen and regulars, it was stated, were sleeping in public buildings in Brownsville last night.

Last reports from Corpus Christi stated the storm had carried at most everything movable before

it, leaving in its wake dozens of demolished summer cottages. Many small craft in Corpus Christi Bay were thrown high on the beach, it was said. Railroad property, however, was said to have not been greatly damaged, and reopening of communication by rail at least was expected early today.

FRENCH AGAIN EJECT ENEMY FROM FLEURY

Paris, Aug. 19.—The remainder of the ruins on the edge of the village of Fleury, on the Verdun front, was captured last night by the French, the war office announced today. The battle continued violently all night long and the French won their way forward foot by foot.

Repudiates Confession That Would Save Stellow

IRVING KING

Albion, N. Y.—District Attorney Knickerbocker, of Orleans county, says that Irving King, the itinerant eddler, who is alleged to have confessed to the murder of Charles Phelps, wealthy farmer, and Mary Wolcott, his housekeeper, clearing Charles Stellow, under sentence of death for the crime, has repudiated his confession. He added that King made the false confession in the hope of obtaining \$3,000 for it and getting off with a light sentence.

THROW THEMSELVES INTO TRENCHES AND THEN BEG TO BE BURIED

Boston, Mass., August 19.—A statement describing the hardships suffered by Armenian refugees in North Arabia was made public today by Rev. Dr. James L. Barton, chairman of the American committee for Armenian and Syrian relief. Dr. Barton said the statement came from an eye witness, not an American, and could be depended upon as unexaggerated.

The eye witness said that of 3,500 deported Armenians at Meekene, a part had

found employment but the rest were begging.

"In every tent," he said, "there are sick and dying. Many hundreds of the sick are left without any tent or covering. I saw desperate ones throw themselves in grave trenches and beg the grave diggers to bury them."

HELD FOR DETROIT HOLDUP

Cleveland, O., Aug. 19.—Three men were taken from a freight steamer here early this morning and are being held at the request of the Detroit police in connection with the theft of \$32,000 from the Burroughs Adding Machine Company's pay car in that city three weeks ago.

Tart Reception

Hoffman, the German physicist, arrived in Glasgow late one Saturday night and on Sunday morning went to call on Lord Kelvin. The doorbell was answered by a woman servant, whom Hoffman asked if Sir William was at home.

The servant answered, "Sir, he most certainly is not."

ALLIED TROOPS GAIN NORTH OF SOMME

London, Aug. 19.—Assaults by British and French forces against German positions north of the Somme in France have resulted in the gaining of additional ground by the attackers, according to the British and French war offices. The French advanced was in and around Maurepas, the scene of such hard fighting during the last few weeks, and the British gain was in the direction of Guichy and Guillemont, near the end of their section of the Somme front. The Anglo-French attack the British say, took place along the whole line from Pozieres to the Somme.

The gains reported by the British and French were in the center of the German positions on the Somme front and mark another step in the Anglo-French advance toward Comblis. French troops gained more ground in the village of Maurepas, after the stopping of German counter attacks near the village. Cavalry Hill, southwest of the village, was carried by assault and the French position on the Maurepas-Clery road was also extended.

British troops advanced successfully in the region of Guichy and Guillemont and seized more German positions. The British mention no gain on any of this front. The Anglo-French forces captured more than 400 prisoners in their advance.

STAMPALIA ARMED; CARRIED CREW OF 170, FEW PASSENGERS

[BULLETIN]
London, August 19.—The Italian steamship Stampalia, which plies between New York and Italian ports, has been sunk, says a dispatch to Lloyds.

The Stampalia was a passenger liner of 9,000 tons gross. In common with other Italian liners she mounted guns for protection from submarines. The last report of her movements was her arrival on July 30 at Genoa, from New York, so that she apparently was sunk on the voyage to the United States.

She was commanded by Captain Lavarello.

The Stampalia has accommodations for about 1,700 passengers. On her recent voyages from Italy to New York passenger traffic has been light and the agents in New York of the line said today she probably carried a comparatively small number of passengers. Her crew numbered about 170.

No word had been received in New York by the agents of the line of the reported sinking of the Stampalia at the time of the arrival of the London Press dispatches.

The Stampalia first appeared in New York as an armed steamer in February last, arriving from Genoa with two three-inch rapid fire guns mounted on her after deck house. Washington was notified and on being informed that the guns were to be used for defensive purposes only, instructed the collector of the port of New

York to grant clearance papers. On arriving at New York on March 24 the Stampalia reported a wireless warning had been received soon after leaving Genoa that a submarine was lying in wait for her off Sardinia. Instead of going north of Sardinia, and along the north shore of the Mediterranean which before that time had proved the safest route, she went south of Sardinia, and through the Straits of Bonifacio, between Sardinia and Corsica.

Several armed Italian steamships have reported sighting submarines in the Mediterranean and in some instances being pursued by them and firing on them. Italian naval gunners were detailed to service on the passenger vessel to operate the guns. The Stampalia was 476 feet long and 55 feet of beam. She was built at Spezia in 1909 and was owned at Genoa.

The New York agents of the Stampalia said that two weeks ago they had received a cable message advising them that all sailings of the steamship had been cancelled. They express the opinion on this account that the Stampalia had been requisitioned and was in the service of the Italian government. In this case she would have no passengers on board.

SPEED RECORDS MAY BE BROKEN IN THE CHICAGO AUTO RACE

The French offensive continues on the right bank of the Meuse, in the Verdun region and Paris chronicles the capture of two fortified redoubts northwest of the Thiaumont work. Progress is also reported for the French east of the Vaux-Chapitre Wood.

Chicago, Aug. 19.—Nine automobile racers are this afternoon to start in the Grand Prix race at Chicago Speedway. The race will be run in five twenty-mile heats with a fifty-mile final, and \$10,000 will be divided among the winning drivers. Speedway officials, basing their claims on the results of the elimination trial yesterday, declared they expected to see several world's records broken.

The following drivers and cars are entered: Resta, Peugeot; DePalma, Mercedes; Chevrolet, Fontanae; Milton, Dusenbergs; D'Alone, Dusenbergs; Lewis, Hoskins Special; Galvin, Sunbeam; Christians, Sunbeam; Duzane, Dusenbergs.

How to Get It Back.
"I've lost a wallet containing \$100," said Mr. Baker excitedly to a friend. "How much reward shall I offer for its return?"
"Where did you lose it?" asked the friend.
"In New York city."

"Well, if you want it back," said the friend, "you'll have to offer at least \$500 reward."—Ladies Home Journal.

SCOUTS LOOKING AT EARL SMITH

Omaha, Neb., Aug. 19.—Big league scouts have been keeping an eye on Earl Smith, Pete Glavin and Ernie Kruger. Smith is attracting the most fancy. Earl is playing regular big league baseball, hitting and fielding on the bases. And he always is able to use his noodle, a virtue few minor leaguers have and one big league scouts are always looking for.

KAUFF TO LEAVE THE GIANTS

BENNIE KAUFF.

New York.—According to a well defined rumor, Bennie Kauff, for whose Federal League contract the New York Giants paid \$95,000, is on the outs with Manager John McGraw and is anxious to be traded, preferably to the Chicago Cubs.

Kauff has not created the stir in the National League that he had hoped. Neither has he amassed a startling batting average as he threatened, and he blames McGraw for his failure in this direction.

It is said that Charles Weegman, owner of the Cubs, is ready to purchase Kauff from the Giants, paying just what the Giants passed out when they acquired Kauff's contract.

He given an immediate try out. Earl Smith says the kid is a better player than he is himself, a better fielder and a better hitter, and if that is true then Manager Marley has certainly booked a great one.

Michigan's Schedule

Ann Arbor, Mich., Aug. 19.—Washington University of St. Louis, coached by W. P. Edmunds, a former Wolverine, is a new comer in Michigan's football schedule. Eight of the nine games on the Yost program are to be played on the Perry field, the football contest being slated for Thursday. The schedule: Oct. 7—Case; Oct. 14—Carroll; Oct. 14—Mount Union; Oct. 21—Michigan Argles; Oct. 28—Syracuse University; Nov. 4—Washington University; Nov. 18—Pennsylvania.

DAUBERT PASSES DAVE ROBERTSON

Chicago, Aug. 19.—Lake Daubert has wrested the National League batting leadership from Dave Robertson, according to averages published here today, which include records of last Wednesday. Casey, Pittsburgh, retains first place in base stealing with 40; Flack, Chicago, in sacrifice hits, with 31; Williams, Chicago, in home runs with 10; Hornsby, St. Louis, in total bases with 174; Burns, New York, in runs scored, with 68, and Brooklyn in team batting with .255.

Leading batters who have played in at least half their team's games: Daubert, Brooklyn, .335; Robertson, New York, .323; Chase, Cincinnati, .322; Wagner, Pittsburgh, .312; Hornsby, St. Louis, .311; Wood, Brooklyn, .306; Long, St. Louis, .305; Hochman, Pittsburgh, .302; Schulte, Chicago-Pittsburgh, .297; Zimmerman, Chicago, .291; Baskett, Philadelphia, .291; Stock, Philadelphia, .291.

Is Praised As Starter

Dr. Joseph Lake of this city acted as starter at the Lucasville Fair and gave the very best satisfaction. Little time was consumed in securing and Dr. Lake had the knack of getting the horses away in the shape.

NEW TRACK RECORD

A new track record was hung up at the last day of the Lucasville Fair Friday when Sarah D. owned by Hagler, of Xenia, Ohio, stepped off a mile in 2:16. The track record up to Friday was held by Lydio, 2:17 1/4. The new record was made in the third heat of the free for all pace yesterday.

GAME BOOKED

The Nonpareils will play at South Webster, Sunday afternoon. All members of the team are urged to meet at 7 o'clock tonight at the Play House. The team will leave Sunday in machines for South Webster. The machines will leave Ninth and Chillicothe streets at 11:30 o'clock. Warner and Dobbins will form the battery of the local nine.

TWO GAMES

The Universal Nine will play a double header on York Park diamond Sunday afternoon. In the first game they will meet the Shabtown Sluggers, and in the second game the Junior Spiders will be their opponents. Henry Abrams, catcher for the Universals, had a ball fractured last Sunday when a ball bounced back from the flood wall and hit him.

GIBSON WILL NOT JOIN THE GIANTS

Pittsburgh, Aug. 19.—George Gibson, veteran catcher who was released last Tuesday by the Pittsburgh National League baseball club, announced last night that he will not join the New York Giants. He prepared today to return to his home in London, Ontario. Gibson claims that the local club violated a gentleman's agreement in declining to declare him a free agent. He says he does not intend to referee from baseball.

Gibson With Pirates Ten Years Before Going To New York

GEORGE GIBSON

Eleven years with one team is an enviable record in major league baseball, yet this is the length of time that George Gibson, who has just been added to the New York Giants' payroll, spent with the Pittsburgh Pirates.

Gibson, who will plug up the hole left by the injury to Catcher Bill Hariden, went to Pittsburgh in 1905, after having broken into professional ball in 1903 with the Kingston club of the Hudson River League, and played with Buffalo in the Eastern League in the same year and with Montreal, the next year.

In 1909 he caught in 150 games, a league record.

During his ten years at Pittsburgh his total batting average was about .234. He batted .280 in 1913, .285 in 1914 and .251 in 1915.

Game At Park

The Steel Plant nine will meet the Athletics at Millbrook park Sunday at 2:30 o'clock. Recently the Steel men won a fifteen inning battle from the Athletics. Kennard and Filmore will work for the Athletics, while Schultz, or Padan and Thimmes will form the Steel Plant battery. Thimmes is now a regular with the Steel men. An admission of fifteen cents will be charged men and ten cents will be charged ladies.

This week's Sporting News says: Pitcher Stanley Dougan who was announced as turned back by Salt Lake to Cincinnati, was shipped to Tacoma instead, the Reds having no particular use for him at this time.

Fine Boost For Emmer

Cincinnati, Aug. 19.—Pat Moran, manager of the Philadelphia team, is of the opinion that Frank Emmer, the youthful shortstop who was traded to Dayton in exchange for Lee Hobbs, will be heard from in big leagues. "You must remember that he is only a boy, hasn't attained his majority as yet, and has been holding down one of the most important positions on the team. He made some very clever stops and throws when the Reds were in Philadelphia, and although he didn't get the world affair with his batting, he'll come, no doubt. He has gained valuable experience during his stay with the Reds this year, and it will stand him in good stead while he is polishing off the roughness in smaller leagues."

WHENCE THE NAMES

We have often wondered why there were so many negroes named Johnson and Lee. We find the explanation in an issue of the Virginia Times-Dispatch of fifty years ago. While they were in bondage the negroes had no family names. With their liberation came a desire for the distinction of a family name. Most of them chose that of their master's and were thereafter known by the same, but a good many exercised more originality or fancy and chose more distinguished names. It is singular that in doing so a great majority of them showed a predilection for great southern commanders instead of northern. And thus it was that you find so many colored Lees, Johnsons, Jacksons and Earlys and so few Grants and scarce a Sherman, with no Sheridans at all. In the article on this subject the Times-Dispatch relates an affecting incident. When the choosing of names became general an aged feeble "uncle," who had at best only a short year or two before him, called his progeny together and told them that thereafter they must all be known as Lillys. His explanation was that when he was nothing but an onery pickaninny on the plantation, his little white missus was born and they called her Lilly. They gave him to her and in his own arms he carried her every day until she began to toddle about, and then she sickened and died. She was the sweetest little angel God had ever put breath into and she loved "black Sambo" and he just wanted her remembered by her own folks. So when you run across a black Lilly, don't laugh, but think of the simple, undying love and loyalty out of which the name was born and learn that virtue wears no given color.

PAYING THE PENALTY

According to a report issued a week ago by the statistician of the Interurban Rapid Transit company, of New York, five tons of newspapers are thrown away every day on this line. This represents, in part, and only in a small part, the incredible waste practiced by American people and more particularly publishers of newspapers and for which they are now called upon to pay the penalty. The newspapers represented by this waste were all bloated in size and sold at a price that was below the point of business safety. Those who carelessly tossed them aside often bought several papers when any one would quite as well have served their purpose, in fact better if they had carried it home, and read it with more thoroughness, instead of being merely glimpsed over and cast aside. With the abnormal increase in cost of print, or news, as it is ordinarily called, there are just two courses left for newspapers to pursue, they have either got to reduce in size, or else raise the price. It is quite probable both will have to be adopted, in at least so far as street sales are concerned. A 12, 16, 20 and 24 page paper can no longer be sold for a cent and maintain itself, because the price received is too far below the net cost of white paper and represents too large a loss on each paper sold.

GETTING READY FOR PEACE

German business men are getting ready for peace. They know the war will end. They probably believe it will end favorably for Germany, but they know it will end some way, whether it is favorable or unfavorable. And however it ends, they know there will be business to be transacted, and they want to profit by helping to transact it.

So we read that the ship building interests are busy building ships, to be used at the close of the war—since they can not be used until Germany gains access to the sea. And we read, further, that the new ships are to be the largest in the world, and the most elaborately equipped, and the most modern in all respects.

The Hamburg-American line is said to have under construction a vessel to be known as the Bismarck, of fifty-six thousand tons capacity—the largest vessel by all odds that has ever been constructed. Several others being built by this company are said to be of thirty-six thousand tons capacity and that is about as large as any now in existence. The smaller vessels being constructed by the company are numerous—ships carrying from eighteen to thirty thousand tons.

Then, there is the North German Lloyd company. It is also working upon several great vessels, one of them nearly as large as the Bismarck. It already has several about completed, and will have a dozen or more ready for the trade within a year or two. So it seems that Germany will be ready to take advantage of the shortage of shipping the very moment the war ends—in which event she will win a tremendous victory of peace whether she wins a similar victory at arms or not.

It is this preparedness that makes Germany great. While she had peace she prepared for war—and was the one nation on earth that was ready when war came. Now that she has had two years of war, she has had also two years of preparation for peace, for it is no secret that the moment the war started she began preparing for peace.—Dayton News.

SPEAKING FOR THE KORN KARNIVAL

ALBERT G. TURNIPSEED

(Georgetown News Democrat)

The Democracy has selected a congressional candidate in the Sixth District from Adams county. We are from Adams county, too; but that will have nothing to do with what will be said in this candidate's behalf. It must have been in the middle of '80's that Albert G. Turnipseed, with his parents came into vision. The parents came to West Union with their six sons. The father made and burned bricks and laid them in the new buildings. These boys helped him with this work. They were industrious, and looking back we note as they helped in the support of the family, each was busy with his studies. All grew without the aid or support of anybody, to be men equipped intellectually and took their places like trained soldiers in the walks of life.

Four of the brothers became educators, and not least among them was Albert G. Turnipseed, whom the Democrats have selected as their congressional candidate. Adams county has long been known for the number of educators that county has produced, but if you will go into the county, among those who were tutoring during the days when Mr. Turnipseed was engaged you will find hundreds of men and women who will tell you that there were none which excelled and few who equalled him. Later he studied law, engaged in raising blooded cattle, and became a man of affairs. In all of these he put that same energy which we look back and see was manifest when he worked for his father in making and laying brick.

Wherever he taught school he left a feeling among those who had gone to him for tutoring that he was capable of the task which had been brought to him and had given his honest endeavor. Both in Clermont and Adams counties there are hundreds of people who will testify to this. He is a man who has grown from boyhood here in the Sixth congressional district. Time and time again he has gone to the front for his fellow citizens and accomplished for them things of vital importance, which would have failed. These have not been done in view of political reward, because he fought the battles of Democracy from the stump and by personal mission, even before he had reached his majority, and this is his first time to come before them.

This brief scanning of his busy life brings him before the public, from a poor boy to the present honored place, and we can assure you that we know that his life has been as clean and honest, pleasant and convincing as the people will find him when he comes to them that they may pass upon him. Personally, we stand by the brief statement made hurriedly last week, that if Albert G. Turnipseed is not elected in the coming election then it can be said truthfully that the Sixth district refuses to give acknowledgment because Mr. Turnipseed is the choice of the Democracy. We don't believe they are that partisan.

Great combination that of a certain Washington and a certain Cincinnati paper. Both are under one ownership, and what ones give utterance to the other re-prints, thus giving it a sort of double effect.

NEW-YORK-DAY-BY-DAY.

O-O-MENTYRE.

New York, August 19.—The Lady in the Black Mask has been creating a flutter of excitement around New York the past week. When she alighted from a train at the Grand Central she was dressed in a neat tailored suit, a striking hat, and the upper part of her face was hidden.

She was stopped three times by policemen on her way to her hotel, as it is against the law to mask the face in Gotham—although there are many who could improve their looks by resorting to this expedient.

The she-masked-murder had difficulty in being admitted to the fashionable Majestic, but three well-known New Yorkers vouched for her and she has been appearing on the bridge path, in the shopping districts and in the cafes in the mask.

It is her claim that she is a California society girl who wishes to hide her identity on account of her parents. But she let the secret out when she brought with her two fine western horses.

It was just a little press agent stunt to accumulate more publicity for her than the rest of her sisters who appear at the cowboy and cow-girl Stampede at Sheepshead Bay.

A little man stood out on the lawn at Saratoga puffing at a big cigar. He had the build of a boy of 15 and he had the face of a man of 46, and his stomach was partly. The crowd surged about him, but not one noticed him.

BedTime Tales

Too Many Toys

Too MANY TOYS! You didn't think anybody could have too many toys? Dear me! Yes! They can and more over they often do! And that's too bad too, for too many toys are less fun than too few. When you have too many, it's very hard to pretend you have not enough, while when you have only a few, it's lots of fun to pretend that you have some that you haven't.

Mary Jane and her brother Tom had too many toys to count about that! They had automobiles and dolls of all sorts and sizes and kinds. Dolls that had dresses for parties and dresses for motorizing and for bathing and golf and—and everything. And engines of all kinds till it really made one tired to think of setting them all to going. And games—so many games that Tom and Mary Jane never could decide which one to play, so they didn't play any. Oh, it's very hard luck to have too many toys—you can see that for yourself!

One morning in the pleasant summer time, the children's mother came out onto the broad shady porch just in time to hear Mary Jane say, "So there isn't a single thing to play with!" And to hear Tom reply, "Not a single thing!"

"What in the world are you talking about?" asked their surprised mother. "Not anything to play with? Why, this whole porch is covered with toys!" And right at that minute she happened to realize what the trouble was.

She looked thoughtfully at the toys, then at the two bored children and then back at the toys.

"This is Monday morning," she said at last, "and every toy that doesn't have something to do with washing clothes is to be put away by the time I come back, which will be in five minutes." And she went into the house.

"I have no idea what she means," laughed Mary Jane, "but it's something to do anyway," and she started to work.

She kept out her doll wash-tub of course, and a wringer that was perfectly like a real grow-up one; and the clothes-line, when she tossed a lot of the other toys into her dress and took them to the nursery.

When she came back Tom had just finished picking up all but one wagon. "I'm going to use that to collect laundry," he explained. "And say, Mary Jane, let's go out under the tree and open a laundry for dolls' clothes!" And off the children scampered.

Neither found them playing happily out there and gave them a list she had written.

"Monday, play with laundry things: Tuesday, clean up the dolls' house and make repairs on furniture; Wednesday, bake and cook; Thursday, build bridges and boats; Friday, play school; Saturday, take a trip." And since Mary Jane and Tom have played that way they have always had something nice to do. Try it yourself some time and see if it isn't a good plan.

Sterilized
The antiseptic baby and the prophylactic pup
Were playing in the garden when the bunny gamboled up.
They looked upon the creature with a loathing undisguised,
It wasn't disinfected, and it wasn't sterilized!

They said it was a microbe, and a hot-bed of disease,
They steamed it in a vapor of a hundred odd degrees.
They froze it in a freezer that was cold as banished hope,
And washed it in permanganate with carbolic soap.

In sulphurated hydrogen they steeped its wiggly ears,
They trimmed its frisky whiskers with a pair of hard-boiled shears,
They dunned their rubber mittens, and took it by the hand,
And lectured it a member of the fumigated band.

There's not a microbe in the garden where they play,
They swim in pure iodine for a dozen times a day;
And each imbibes his rations from a hygienic cup,
The bunny, and the baby and the prophylactic pup.

MAN IS FOUND DEAD IN CELL AT POLICE STATION

THINK HEART FAILURE IS CAUSE OF DEATH

A stranger, apparently fifty-five years of age, who because of his wild antics at the N. & W. depot shortly after four o'clock Saturday morning, was taken into police custody for safekeeping, was found dead on the floor of his cell at the city prison about 9:45 o'clock.

Among papers found upon the man by Coroner Dr. J. W. Dachler was a note which read as follows:

"The bearer of this note, is Michael S. Loftus and if anything happens to him wire me immediately. M. A. LOFTUS, Boilermaker, East Radford, Va."

An N. & W. pass issued to M. S. Loftus July 18 and good until August 18 from East Radford to Cincinnati, was also found among the man's effects.

Dr. Dachler, judging from the condition of the body, thought the man had been dead for an hour or two when discovered. He found some blood on the face and nose, which Turkey Joe Stockley thought was caused by the

Circleville Police Say Dr. Seitzs "Speedy"

Dr. William Seitz, of Eleventh street, was detained in Chillicothe Thursday on a charge that he was speeding in his automobile while going through Circleville. As soon as he made it plain to the Chillicothe officials that he was a Portsmouth physician, no effort was made to hold him and he came on home.

Dr. Seitz had been to Columbus on a business trip and came through Circleville at his usual rate of speed about nine o'clock in the morning. One mile south of Circleville a man, who later proved to be a traffic officer, tried

Missionary Trip Around The World

With many of the "old timers" back from their vacations, with a splendid lesson and an excellent teacher for the adult department, the attendance at the First Christian Bible school tomorrow morning at 9 o'clock is expected to chirp up a bit and assume a normal aspect. In fact, it looks as though the 600 mark would be reached at least, and this will be some improvement. The summer slump has about spent itself and from now on the attendance is expected to gradually creep upward.

It behooves all members of the school and church to be on their "toes" at this time, for Rev. Oakley, the pastor, is away on his vacation and he expects his stewards to overlook nothing that will tend to promote the interest of the big organization. So let every member bestir himself and come out with several reams of enthusiasm and bring a visitor.

Gilbert Dodds will teach the lesson to the adult classes and

Unidentified Man Thought To Have Been Drowned In River

One "Corpse" Sent In Plea For Return Of Shoes Taken By Police

Mystery surrounds the drowning of an unidentified man who walked off the Sheridan-Kirk Contract Company's towboat Mary Jane at the foot of Market street at 11:15 o'clock Friday night.

Wilbur Laport, aged 25, of near Wrightsville, O., a member of the crew of the gasoline boat Polly, who throughout the night was missing and thought to be the victim, was found Saturday morning safe and sound sleeping in the pilot house of the boat.

Shortly after an earnest plea was received at police headquarters to please send back his hat and shoes, which soon after the drowning were reported found on the forward deck, and turned over to Capt. Roma Walker. The Mary Jane had come up from the government dam below Portsmouth Friday night for supplies and moped alongside an oil barge off the Polly. Shortly after eleven o'clock the watchman on

AUSTRIAN HEIR TO THRONE SUPPLANTS VON HINDENBURG AS CHIEF OF AUSTRIAN ARMIES

ARCHDUKE CARL GEN. VON HINDENBURG

According to authoritative reports Archduke Carl, heir to the Austrian throne, has replaced Field Marshal von Hindenburg as commander of the Austro-Hungarian armies in the southern half of Galicia. The German Field Marshal only assumed absolute command of those armies on August 3 last. At that time Emperor Francis Joseph of Austria was prevailed upon to give entire control to von Hindenburg. Apparently the Austrian Emperor did not like the results under the direction of the German Field Marshal as he was only in command a few days.

Ben Hurs To Have Booth

Portsmouth Court, Tribe of Ben Hurs, will not participate in the Korn Carnival parade this year, but voted Friday night to be represented with a booth during the celebration. Arrangements were completed at the meeting for the court's degree team to go to Huntington, W. Va., September 26th, to initiate a large class of candidates. The entire court has also been invited to attend the affair.

Thomas McLaughlin, Hoyt Pancake, George Pfeiffer, William Belcher and Misses Jacinta E. Womack and Ethel Pendleton were appointed a committee to arrange for a social season the coming winter. Mr. and Mrs. Emmett Ward, Paul Edwards and Miss Margaret Davis were new members admitted to the order at Friday night's session.

Geeks Will March In Fraternal Parade

The Geeks, at a well-attended meeting Friday night, voted unanimously to participate in the Korn Carnival fraternal parade and also to place a booth on Chillicothe street.

The committee appointed to look after the necessary arrangements is composed of Gus Hoemer, chairman, Louis C. Peel and Charles W. Wilson.

Further action regarding the proposed minstrel entertainment of the Geeks was postponed pending an answer from the board of education to the application for the use of the high school auditorium.

Post Card Day Sept. 2

Korn Carnival Post Card Day is to be observed Saturday, September 2, according to an announcement made Saturday by E. E. Thomas, secretary of the Business Men's Association.

On this day, twenty-five thousand post cards, depicting scenes of the year's celebration, are to be mailed out of the city. Every Portsmouth and Scioto county booster is expected to mail

some of the cards to friends and relatives out of the city.

Last year Post Card Day was one of the most successful features of the Carnival. On that day over twenty thousand cards were mailed.

The post cards are here and are now on sale at several of the stores. Many have been forwarded to out of the city friends. Others have secured a supply and are holding them for Post Card Day.

Executive Committee To Be Named By G. O. P.

The Republican Central Committee of Scioto county will hold an important organization meeting today at 12:30 o'clock. The meeting will be held at the club rooms of the Scioto County Republican Club, Gallia street.

The executive committee for the ensuing year will be selected. The executive committee will hold a meeting at a later date and organize, electing officers.

COMPLAIN OF FREIGHT RATES

Washington, D. C., August 19.—Complaint was made to the Interstate Commerce Commission today by The Grand Rapids Association of Commerce that freight rates, particularly those on furniture to points in the east, are discriminatory in favor of competitors in Detroit, Toledo, Milwaukee, Chicago and other cities.

The Toledo Produce Exchange complained that rates in grain from that city to Missouri river points and eastern points, favor Buffalo, Chicago, St. Louis, and other cities with which it competes, are discriminatory against Toledo.

Train Is Delayed

No. 33 passenger train, due to leave here at 7:10 for Columbus, was delayed over three hours by a rear end collision of N. & W. extra freight trains east of Wheelersburg at 6:15 o'clock Saturday morning. Extra 385 west was standing still while a car was being repaired and extra 1411 ran into 385.

15,000 PEOPLE ATTEND THE FAIR AT LUCASVILLE

Fifteen thousand people visited the Scioto County Fair during the three main days, according to an announcement made Saturday by Clyde Brant, secretary of the association.

Of these, ten thousand, approximately, were paid admissions.

On Friday, the closing day, there were about two thousand paid admissions.

The directors are highly pleased with this year's attendance and are now planning to have a larger and better fair next year.

The races Friday were interesting. Sarah D., owned by Hagler, Xenia, O., broke the track record in the second race. The time was 2:16. The

"The Transfigured Church" Will Be Theme At Bigelow Sunday

"The Transfigured Church" is the title of a special sermon to be delivered by Rev. C. E. Chandler, pastor of the Bigelow Methodist church Sunday morning, when the church will be formally opened after undergoing a thorough renovation. This sermon is to be delivered at the morning services.

Rev. Chandler returned Friday from a five weeks' vacation spent at Epworth Heights, Ludington, Mich. Being a special day for the congregation of the Bigelow church, a special invitation has been extended

to the public to attend the services. A fine musical program has been prepared by Mrs. Harley Marcom, organist. Arrangements have been made to take care of a large number of people.

The various Sunday school classes have been meeting jointly for several weeks on account of the decorating work being done, and Sunday will mark the transition of the classes from a general room to special class rooms. Each member of every class is expected to attend Sunday and bring a friend.

Since Rev. Chandler left on his vacation, the church has been thoroughly transformed. The woodwork has been re-varnished. New electric chandeliers have been installed and the exterior repainted. All of the improvements have been made, with the exception of the installation of the new pews and carpet. These have not arrived. At the evening services Dr. Chandler will deliver a splendid sermon entitled, "Touching the Topmost Note."
